# MICHIGAN STATE AID TO PUBLIC LIBRARIES

## Historical Perspective

In 1937 the Michigan Library Association recommended to the Legislature that state funding be provided to public libraries and that a state board for libraries be appointed. A total of \$367,566 was appropriated and disbursed in fiscal year 1938/39. Midway through the 1939 legislative session, a bill was introduced to suspend the state aid appropriation for the following two years in order to balance the state's budget. State aid was again funded in fiscal year 1941/42 at \$243,625, growing slightly each year until it reached a high of \$390,760 in 1964.

In 1965 Public Act 286 established 24 library systems whose membership comprised approximately one-third of the public libraries in the state. An additional \$100,000 was added to the appropriation to fund the library systems. The rate of funding began at 5¢ and grew to 25¢ per capita under PA 286.

New state aid legislation was enacted in 1977, when Public Act 89 repealed the earlier law. Under PA 89 of 1977, library cooperatives were formed to assist the member public libraries in the delivery of library services. A total of 17 cooperatives were formed. Each cooperative was eligible to receive a base grant of 50¢ per capita for the entire population within its geographic boundaries. Under PA 89, legally established public libraries could also apply for state aid grants. Public libraries meeting minimum standards could receive grants of 50¢ per capita, thus assuring some level of state funding for library services throughout the state. A second and equal payment was made to cooperative member libraries to support the purchase of services. The State Library, then a division of the Michigan Department of Education, was responsible for administering each of 5 state aid grants under PA 89, 1977, and the governing board for the State Library was referred to in the law as the State Board for Libraries.

In 1982 PA 540 transferred the State Library to the Legislative Branch of state government and renamed it the Library of Michigan. The Legislative Council, as the governing body for the Library of Michigan, assumed the duties of the State Board for Libraries and approved Legislative Guidelines for P.A. 89, 1977. The guidelines, which were implemented on October 1, 1984, established minimum standards for staffing, accessibility and local funding for public libraries seeking state aid and established standards of education and experience for the directors of library cooperatives and county libraries receiving grants.

For 20 years the annual state appropriations did not include sufficient state dollars to fully fund P.A. 89, 1977. The grant distributions were prorated each year. During the 1998 legislative budget process, the FY 1998/99 appropriation bill included full funding for State Aid to Public Libraries under the Act. On July 27, 1998, the Governor signed the appropriation bill that provided full funding to eligible public libraries and cooperative libraries for the first time. A chart summarizing the historical distribution of state aid appears at the end of this publication.

The following grant categories are funded under each annual appropriation for PA 89:

- PA 89, §13** Public library cooperatives shall receive 50¢ per capita for their served population.
- PA 89, §16(2)** Public libraries shall receive 50¢ per capita for their served population if minimum standards are met.
- PA 89, §16(4)** Public libraries that meet minimum standards and are members of a cooperative library shall receive 50¢ per capita to pay for services provided by the cooperative. All or part of this amount shall be used to purchase these services.
- PA 89, §16(4)** A cooperative shall receive \$10 per square mile for the area it serves if the area has less than 75 persons per square mile.
- PA 89, §16(5)** County public libraries serving a population of 50,000 or less with a director who meets educational requirements can receive a maximum of \$400 per month or \$4,800 annually for salary reimbursement. A form must be filed quarterly by the county library to claim the reimbursement.

Cooperative and public libraries shall submit an Annual Report/State Aid Application to the Library of Michigan between October 1 and February 1 of each distribution year. The annual reports provide the Library of Michigan with current information as well as statistics for the last completed fiscal year prior to October 1. The report data will be reviewed for compliance with the eligibility requirements for State Aid, and also will be used to compile the Directory of Michigan Libraries and Michigan Library Statistical Report.

The Annual Report/State Aid Application shall be submitted by means of a paper document or electronically. The reports must be postmarked or electronically submitted on or before February 1. When filing electronically, an original signature page must be postmarked on or before February 5. Reports received after the deadline will render the library ineligible to receive state aid.

Cooperative and public libraries unable to submit the Annual Report/State Aid Application by the February 1 deadline must submit a letter of intent to file. The letter must be postmarked by February 1 and must include a satisfactory explanation outlining the cause for the late filing. All late Annual Reports must be postmarked or electronically submitted on or before March 31. The original signature page of the late reports must be postmarked on or before April 5. Reports and letters of intent received after the deadline will render the library ineligible to receive state aid.

- Proposed changes should be adopted by a majority vote of all participating libraries, not by cooperative board action.
- After a Library of Michigan review of the proposed changes and upon its recommendation, any substantial modifications to the plan will be submitted to the Legislative Council Administrator for approval. If there are disputed issues that cannot be resolved by the administrator, the matter may be submitted to the Legislative Council for resolution.

## Qualifications for State Aid

Cooperative libraries shall be eligible for state aid under section 13 and section 16(4) of the Act if they meet the personnel, fidelity bond, and annual audit requirements.

### Personnel Requirement

A cooperative library shall have on duty for at least 6 months of the reporting year a director with a Librarian's Permanent Professional Certificate and at least 4 years of administrative experience. It shall have personnel with expertise in networking, consulting, and intra-cooperative coordination.

### Fidelity Bond Requirement

A cooperative library is required to file with the Annual Report/State Aid Application a copy of documents that verify current fidelity bond coverage. The documents may be submitted with the original signature page of the report.

## State Aid Payment Schedule

The Library of Michigan shall issue 80% of the payment upon receipt of the Annual Report, an original signature page, and fidelity bond documents, according to the following schedule:

<u>Filing date</u>	<u>Payment date</u>
10/1-10/15	11/1
10/16-11/15	12/1
11/16-12/15	1/1
12/16-1/16	2/1

Cooperative libraries are required to file with the Library of Michigan a copy of an annual financial audit within twelve months following the close of each fiscal year. The final 20% of state aid shall be paid when the Library of Michigan has received and reviewed the prior year audit report. The final payment may occur between February 1 and September 30, provided all requirements are satisfied.

If material audit findings are disclosed in the annual financial audit report, the cooperative library shall submit a corrective action plan for review and approval by the Library of Michigan. The corrective action plan must include the evidence that supports a deficit elimination plan filed with the Michigan Department of Treasury as required by MCL 141.921. The final 20% of state aid shall not be paid until all financial audit issues have been resolved. If the matter cannot be settled between the cooperative library and the Library of Michigan, the matter shall be submitted to the council administrator for resolution. If there is no resolution, the matter shall be submitted to the Council.

### Cooperative Library Service Area

For the purposes of calculating state aid, a cooperative library's service area shall consist of member and non-member libraries and unserved areas in existence as of October 1 of the year of distribution. Non-member libraries and unserved areas are credited to the cooperative library that last served them. Cooperative libraries must provide basic support to non-member and unserved populations in the service area.

## Public Library Guidelines

### Qualifications for State Aid

A public library is eligible for state aid under section 16(2) of the act if it meets the hours of accessibility, library personnel and local financial support requirements. A public library is eligible for state aid under section 16(4) of the act if it complies with guidelines and is a participating member of a cooperative library not less than 30 days prior to September 30. A public library is eligible for state aid under section 16(5) of the Act if it meets county reimbursable salary requirements.

### Classification of Libraries

For the purpose of applying standards to the hours of accessibility and library personnel requirements, public libraries are classified on the basis of population into the following categories:

<u>Population Served</u>	<u>Class Level</u>
0 - 3,999	I
4,000 - 6,999	II
7,000 - 11,999	III
12,000 - 25,999	IV
26,000 - 49,999	V
50,000 or over	VI

In order to receive state aid, a public library shall meet the standards for hours of accessibility and library personnel set forth in the rules according to its class level. A public library that shifts to a higher class level because of a change in population shall meet the higher level of standard for accessibility and personnel not later than the last month of the public library's next full fiscal year following notification by the Library of Michigan of the shift in class level.

### Hours of Accessibility Requirement

A public library shall be accessible to the public in accordance with the following table and hours shall include evening hours or weekend hours or both:

<u>Class Level</u>	<u>Minimum Open Hours to the Public</u>
I	15 hours per week
II	20 hours per week
III	30 hours per week
IV	40 hours per week
V	50 hours per week
VI	55 hours per week

If a public library has more than one branch, and if the hours for the main library building and each established branch library are different, the unduplicated hours may be added together to satisfy the minimum open hours requirement. The minimum hours of accessibility requirement must be maintained for not less than 9 months of the 12-month operating period. If a reduced-hours schedule is implemented, the library must be open not less than 10 hours per week.

### Library Personnel Requirement

A public library shall employ personnel certified in accordance with the following table (certified at a higher level meets certification requirement for lower level):

<u>Class Level</u>	<u>Certificate for Head</u>	<u>Certificate for Support Staff</u>
I	VII	No requirement
II	VII	No requirement
III	V	One VI or VII*
IV	II	One II, III, IV, or V*
V	I	One II or III/20,000 served**
VI	I	One II or III/20,000 served**
*Exclusive of Head		**Inclusive of Head

The personnel requirements do not apply with respect to personnel with valid certificates who were employed as of October 1, 1984. When an individual employed as of October 1, 1984, leaves the position, the position must be filled in compliance with the minimum requirements in order for the library to remain eligible for state aid.

### Certification of Library Personnel

Candidates for certification by the Library of Michigan shall furnish credentials to the Library of Michigan for evaluation. Proof of education may be by transcript from the educational institution or a statement from the proper official of a high school, community college, 4-year college, or library school granting the credits. The Library of Michigan shall certify qualified library personnel in accordance with the following 7 classifications:

- I. A **Librarian's Permanent Professional Certificate** shall be granted to a person who has the following qualifications:
  - A bachelor's degree from a college or university accredited by a regional accrediting body.

- A master's degree or its equivalent from a library school accredited by the American Library Association.
  - Following completion of the educational requirements, 4 years of satisfactory professional experience in a library or libraries approved by the Library of Michigan.
- II. A **Librarian's Professional Certificate** shall be granted to a person who meets the educational qualifications required for a Librarian's Permanent Professional Certificate. Upon completion of the 4-year experience requirement, the certificate may be exchanged for a Librarian's Permanent Professional Certificate.
- III. A **Special Professional Certificate** shall be granted to an individual who possesses a master's degree in a special subject field other than library science or in library science from a curriculum not accredited by the American Library Association.
- IV. A **Limited Professional Certificate Class A** shall be granted to an individual who has either of the following qualifications:
- A bachelor's degree with a major (24 semester hours or its equivalent) in library science.
  - A bachelor's degree and current enrollment in a library school accredited by the American Library Association.
- V. A **Limited Professional Certificate Class B** shall be granted to an individual who is a college graduate with a major (24 semester hours or the equivalent) in a subject field other than library science.
- VI. A **Library Technician's Certificate** shall be granted to an individual upon completion of a 2-year library technician curriculum approved by the Library of Michigan.
- VII. A **Certificate of Library Experience** shall be granted to an individual who has graduated from high school and has successfully completed a Beginning Workshop that is approved by the Library of Michigan. This training must be completed within 2 years of the individual's appointment. The certificate is valid for 3 years and may be renewed by the Library of Michigan after the applicant has submitted transcripts of his or her renewal hours of approved training that equals 3.2 CEUs, 32 contact hours, or 3 credit hours from a college or university.

### **Federal Census Guideline for Personnel**

A public library that does not comply with personnel requirements due to a change in class level following the application of a decennial census is eligible for state aid so long as the personnel continued to present valid certificates and were employed before the library received notification of the change in class level. When an individual employed before the change in class level leaves the position, the position must be filled in accordance with the personnel requirements in order for the library to remain eligible for state aid.

### **Employment of Qualified Personnel During Required Hours**

A public library shall employ a sufficient number of qualified persons for every hour the library is required to be open. For Class V and VI public libraries, the head librarian may be used to satisfy part of the support staff requirement so long as the required number of qualified persons are available for the minimum number of hours the library is required to be open. It is preferred that properly certified persons be available at all times when the library is open to the public.

The head librarian and other personnel of a public library may be appointed to serve in dual capacity with a cooperative library, providing that the time the person spends in each position is in direct ratio to the salary received for that position.

### **Librarian Certification Revocation**

Pursuant to Public Acts 235-240 and 336 of 1996, effective January 1, 1997, courts may order the suspension of occupational and drivers licenses. The broad definition of a "certificate" appears to include the librarian certification program that the Library of Michigan conducts in support of the State Aid to Public Libraries grants provided under the state aid act, P.A. 89 of 1997, as amended. If a circuit court issues an order to revoke a certificate, the Library of Michigan will comply with the court order that requires it. Notification will be provided to the library that currently employs the individual according to state aid files maintained by the Library of Michigan.

## **Local Financial Support Requirement**

In order to receive state aid, each public library shall maintain a minimum local support level of 3/10 mill on state equalized valuation (SEV) for the legal service area of that library in the last completed fiscal year before October 1 of the year of distribution. In the case of a public library that has contracted with other governmental units for library services, if the total local support for the legal service area and the contractual area does not equal or exceed the 3/10 mill requirement, each governmental unit shall be treated as a separate unit and each unit shall meet the 3/10 mill requirement.

The fiscal year reporting cycle of public libraries may extend over a 21-month period. If a public library operates on other than a calendar year basis, the determination of whether the public library meets the 3/10 mill standard shall be based on SEV information dated 2 years before the fiscal year in which the distribution of state aid is being made. If a public library operates on a calendar year basis, the determination shall be based on SEV information dated 3 years before the fiscal year in which the distribution of state aid is made.

If the SEV information for a public library contains valuations of special construction sites that do not generate revenues for the public library serving the area, the Library of Michigan may implement a special SEV adjustment to establish a more equitable minimum financial support standard for that public library.

The Library of Michigan may grant a 1-year waiver of the minimum local support requirement if the local support level is \$250.00 or less below the 3/10 mill requirement and written communications indicate that the requirement will be satisfied for the next reporting year.

## **Contract Area Populations**

State aid payments to libraries with contract populations shall be calculated in accordance with all of the following:

- A public library's state aid service population shall include a contract area population if the library has served the contract area for 6 months or more during the library's state aid reporting year.
- If 2 or more public libraries have each served the same contract area for less than 6 months during their respective reporting years, the library with the greatest time of service to the contract area within its reporting year shall include the contract area in its state aid service population.
- If 2 public libraries have served the same contract area for the same length of time, but for less than 6 months within their reporting year, the public library whose contract was in force the nearest to October 1 of the year of state aid distribution shall include the contract area in its state aid service population.
- If a contract area is served by only 1 public library for less than 6 months of its reporting year, and no other library has a claim to the contract area, that public library shall include the contract area in its state aid service population.

## **Payment of State Aid**

The Library of Michigan will issue payments in accordance with the following guidelines:

- Beginning November 1 of the year of distribution, payments to eligible public libraries shall be processed at 80% of the estimated payment.
- All reviews and calculations shall be finalized to determine the final payment by September 30 of each year of distribution. Upon completion, eligible public libraries shall receive the final 20% payment.

If the state appropriation for state aid to public libraries does not allow for payment according to the formula set forth in the Act, the Library of Michigan shall determine a pro rata portion to be allocated to eligible libraries in accordance with sections 13 and 16 of the Act. The portions determined shall be divided by the number of library recipients that are eligible.

## **Waiver of State Aid Requirement**

If the library fails to comply with the requirements for receipt of state aid and the public library board or cooperative board proves that the failure to meet a requirement was not a continuing violation but a temporary condition, the Library of Michigan may waive the requirement. The waiver would be contingent upon the presentation of an action plan for compliance with the requirement before the end of the next reporting year.

If the Library of Michigan considers a public library's noncompliance with a requirement for state aid to be willful, or if the public library fails to comply with the course of action on which a waiver is based, the Council Administrator shall review the matter and will decide whether to grant a waiver so that state aid may be paid to the library. A separate waiver is required for each fiscal year.

## School-Public Library Combination

The board of education shall appoint a library board, commission, or committee charged with making recommendations for the development of public library services and may ascribe any powers and duties necessary for implementation. The board of education shall budget separate funds for the public library program, exclusive of funds for school library service, and report expenditures to the Library of Michigan annually. Penal fines, library millages, money donated to or collected by the library, grants of state aid to public libraries, and the interest on these funds shall be used for public library service only.

### Minimum Requirements

In order to receive state aid, a school district public library located in a school building and classified as a “school-public library combination” shall meet all of the following minimum requirements:

- The personnel requirements for public library service shall be those designated for the particular class level of library. If the librarian serves a dual role as school librarian and public librarian, additional adult assistance shall be provided.
- The library shall not be used regularly as a classroom or study hall.
- The total number of hours the library is open to the public shall be those designated for the particular class level of library. Public library service shall be maintained 12 months of the year. During the months the school is in operation, the library shall be open at least 10 hours per week outside the schedule of school hours.

### Suggested Guidelines

School-public library combinations located in school buildings are encouraged to meet the following guidelines (failure to comply will not result in a loss of state aid):

- Libraries shall be located conveniently for community use, with designated parking and a separate entrance for public use.
- In order to facilitate community use of the library during school hours, the library shall include a separate reading area with seating to accommodate non-school users, according to the following minimum formula:

<u>Population Served</u>	<u>Square Footage</u>	<u>Seats</u>
2,499 or under	150 square feet	5 seats
2,500 to 4,999	210 square feet	7 seats
5,000 to 9,999	300 square feet	10 seats
10,000 or more	500 square feet	15 seats

- Although the total resources of the library shall be available to the total community as feasible, the library shall acquire materials suited to the needs of the pre-school child and the adult on a regular basis.
- A continuing public information program shall be planned to promote the use of the public library by the total community.
- A sign shall be placed outside the building announcing the name of the public library and the hours of operation per week for use by the general public. Adequate directional signs shall be provided within the building.

### Dispute Resolution

The Library of Michigan shall encourage all parties to a cooperative library dispute to resolve their disputes at the local level. If a dispute cannot be resolved locally, the Library of Michigan may investigate and mediate the dispute. A dispute may be submitted to the Council for resolution if all of the following steps have been taken:

- The head librarian of the public library has met with the director of the cooperative library and attempted in good faith to resolve any problems.
- Upon failure of the respective library directors to achieve a resolution, the board of each library involved, following a review of the issues, has petitioned the cooperative library director and board in writing for redress of the matters in dispute specifying the remedies sought.
- The cooperative library director has presented the petition, along with recommendations, to the cooperative library board within 90 days after receiving the petition and has promptly reported the cooperative library board’s conclusions in writing to all parties concerned.

- Upon failure of the cooperative library board to resolve the issue, the cooperative library board or the involved library board has submitted the dispute to the State Librarian along with copies of all documentation.
- The State Librarian has mediated the dispute.
- If mediation failed to resolve the dispute, the State Librarian has referred the matter with recommendations and documentation to the Library of Michigan Board of Trustees.
- Upon failure of the Library of Michigan Board of Trustees to resolve the issue, the State Librarian shall submit a request for review to the Council Administrator. The request for review shall include evidence that remedies were exhausted as required and the recommendations of the Library of Michigan Board of Trustees.

The Council Administrator shall review any disputed matters which have not been resolved by the Library of Michigan Board. The decision of the Council Administrator is final unless the matter, at the administrator's request, is granted a hearing by the Council.

# Public Library Funding

## as reported in the 1999 Michigan Library Statistical Report

- Michigan public libraries reported that 70.2% of library funding is provided through a direct voted millage or as an appropriation from general funds of the governing municipality.
- Penal fine funds are provided to libraries through the court system, using income received for violations of state laws. This income is apportioned at the county level and varies widely. The FY 1998 overall state average of penal fine income is 11.3% of total income.
- Other local income reflects miscellaneous monies from contractual fees, gifts, foundations, interest, overdue fines and other types of income received at the local level. This income represents 12.0% of total public library operating income.
- The Detroit Public Library and Grand Rapids Public Library receive state aid to public libraries funding, and are allocated additional state funds through a line item in the General Government Appropriation. This appropriation was included in calculating the percentages used in this report.
