Dear Members of the Legislature:

The enclosed report is submitted as required by Section 55(7) of the Michigan Occupational Safety and Health (MIOSH) Act, Act 154 of the Public Acts of 1974, as amended.

The report covers information on the amount of the Safety Education and Training (SET) assessment, the percentage of the assessment compared to workers' disability compensation losses, an explanation of all expenditures, the balance remaining in the SET fund, and a projection of assessment needs.

The report also provides a brief summary of MIOSHA education and training activities. Continued participation in these activities by Michigan employers and employees and their positive evaluations are testimony to the high quality services provided by this program. These activities underscore the state's commitment to safer and more healthful workplaces in Michigan.

Sincerely,

  
Martha B. Yoder  
Director
