Importance: High

To Whom It May Concern,

I received the Public Act 289 Fire Protection Grant Funding reporting template from Coldwater Township supervisor John Kopacz. The City of Coldwater provides fire protection for Coldwater Township by contractual agreement. Within Coldwater Township are State owned properties including corrections facilities. As we, the Coldwater Fire Department, provide fire protection for these facilities via contractual agreement with the township (we do not receive the State funding for these facilities), how should we proceed in completing this reporting requirement? Obviously, the township does not have their own fire department so would you want information regarding the City's fire department?

Thanks for your assistance.

Sincerely,
