At the September 27, 2012 meeting of the Michigan Liquor Control Commission (Commission) in Southfield, Michigan.

PRESENT: Andrew J. Deloney, Chairman

**ORDER TO SUBMIT TO AN INVENTORY ACCOUNTING
TO DETERMINE STATUTORY COMPLIANCE WITH MCL 436.1541(1)(a)(ii)**

On November 16, 2007, J & A Quik Stop, Inc. (licensee) was issued an SDM license with permission for motor vehicle fuel pumps under MCL 436.1541(1) to be held at the above-noted location. The request was approved by the Commission on January 4, 2007 with the proviso that the licensee install and continue to maintain on the licensed premises at all times, a minimum inventory of at least \$250,000.00, at cost, excluding alcoholic liquor and motor vehicle fuel as required by MCL 436.1541(1)(a)(ii).

After an inspection conducted by the Commission’s Enforcement Division on April 27, 2012 revealed the applicant’s approved type inventory, at cost, was below the \$250,000.00 requirement under MCL 436.1541(1)(a)(ii), an Order to Show Cause was issued under administrative rule R 436.1925(1) to determine the status of the SDM license, and any or all other issues related to the license, permits and permissions.

The Commission held the show cause hearing in this matter on September 27, 2012 at its Southfield office. Representing the licensee at the hearing was Attorney Bryan Yaldou and stockholder, Jalal Yaldo.

After hearing arguments, reviewing the MLCC file, and discussion of the issue on the record, the Commission finds that the licensee provided additional information at the

Show Cause hearing yet has thus far failed to demonstrate compliance with licensure under MCL 436.1541(1)(a)(ii). Therefore, the licensee shall submit to an inventory accounting to be conducted by "Approved Inventory Specialists" while in the presence of an MLCC Investigator as soon as possible to determine compliance with the requirements of MCL 436.1541(1)(a)(ii).

THEREFORE, IT IS ORDERED that J & A Quik Stop, Inc. shall submit to an inventory accounting to be conducted by "Approved Inventory Specialists" while in the presence of an MLCC Investigator as soon as possible to determine compliance with the requirements of MCL 436.1541(1)(a)(ii).
