Please note that the Bureau reserves the right to change the composition of any work group as it deems necessary throughout the process. The Bureau may choose a replacement in the event that a selected work group member is unable to attend the meeting. The work groups will include staff or other authorized individuals.

An email will be sent to those persons selected which includes the date, time, and location of the specific work group.

The work groups will gather information only and will not interfere with the authority of the Medical Marihuana Licensing Board or Advisory Panel procedures as provided under the MMFLA. LARA is in the process of starting the formal rulemaking process pursuant to the Administrative Procedures Act of 1969. To that end, the purpose of the work groups is to seek input on the regulatory topics. Regardless of participation in the workgroups, all interested members of the public will be able to participate in the permanent rulemaking process that includes public comment, hearing notices and draft rules that will be published for review and comment.
