

Vehicle Extrication and Advanced Stabilization

What: Jones and Bartlett **Vehicle Extrication Levels I & II: Principles and Practice** combines current content with dynamic features and interactive technology to better support instructors and organizations to help prepare future high performing technical rescuers. Modern technologies including alternative powered vehicles and all electric vehicles are covered. Stand-alone chapters on Commercial Vehicles and Agricultural Extrication ensure Level II skills are comprehensively addressed.

Location: Onota Twp. Fire & Rescue. E1455 Deerton-Sand Lk Road, Deerton MI, 49822

When: September 2018. Exact dates will be posted in SMOKE.

Classes will be held Tuesday and Thursday nights from 1800 to 2200 with a Saturday Practical session where hands on skills will be practiced.

Instructor: Class is presented by Matthew Hagerty, Captain and training officer for Onota Twp. Fire & Rescue. Matthew has over 10 years of fire service experience and 5 years as a paramedic. EMT's are encouraged to take this class to better understand and work together with fire departments on motor vehicle incidents requiring extrication.
