

Keeping Kids Safe

(Crowd cheering)

It's Friday night. Do you know what your kids are doing? Hi, I'm Andy Deloney, Chairman of the Michigan Liquor Control Commission. Football and homecoming season is here and studies show that 65 percent of youth get their alcohol from friends and family. So parents, please talk to your kids about being safe and alcohol free. Remember we all lose when kids buy booze.

A public service message from the Michigan Liquor Control Commission.
