

[Online Fire Services Fireworks Public Search Low Impact and Consumer](#)

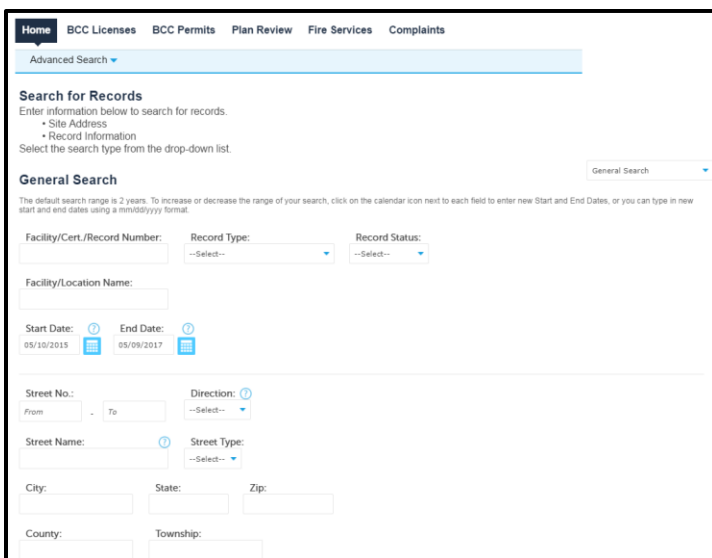

Using the link above will get you to this screen:

Clicking on the "Home" link allows you to use the "Advanced Search". After using the drop-down arrow click on "Search Records/Application" and then on the "Fire Services" link.

This is where you will find all of the Search options.

Search options are:

Facility/Certificate/Record Number: (If known)

Record Type: (17 different options)

Record Status: (must have a record type before you can choose the Status)

Facility/Location Name: (If known)

Start Date: (Defaults to 2015 and you can set any date range)

End Date: (Defaults to today's date)

Street Number Range:

Direction: (Street)

Street Name:

Street Type:

City:

State:

Zip:

County:

Township: (If known)

You can choose just one criteria or you can do multiple. For example I want to know how many permanent facilities for Fireworks are in Ingham County. Because I didn't specify the "Status" it will give me the results regardless of the current status listed in the system.

The screenshot shows a 'General Search' form with the following fields and values:

- Facility/Cert./Record Number: (empty)
- Record Type: Consumer Fireworks Certificate Perm
- Record Status: --Select--
- Facility/Location Name: (empty)
- Start Date: 05/10/2015
- End Date: 05/09/2017
- Street No.: From: (empty) To: (empty)
- Direction: --Select--
- Street Name: (empty)
- Street Type: --Select--
- City: (empty)
- State: (empty)
- Zip: (empty)
- County: Ingham
- Township: (empty)

Red arrows point from the 'Record Type' and 'Record Status' dropdowns to the 'County' field, indicating a search for fireworks permits in Ingham County.

It is possible to request information that would cause zero results when in combination with other criteria so pick a few criteria and review the results to see if it is what you need. If not, then change the criteria and try again.
