

Bureau of Professional Licensing Pharmacy Manufacturer Wholesaler FAQ

1. How long is a Pharmacy/Manufacturer/Wholesaler license issued for?

An initial license is valid until the next license expiration date of the profession unless the license is issued less than 120 days prior to the expiration date and then it will carry to the following year. After the first renewal, the license will be valid for two years.

2. When can I renew my license? How do I renew my license?

Licensees can begin to renew their licenses approximately 90 days prior to the expiration date of their current license.

Licensees will be mailed a renewal notification to their address on record approximately 90 days prior to the expiration date of the license. Remember to notify the Department in writing of any address change. It's a licensee's responsibility to renew his or her license on time. Failure to receive the renewal notification, or to notify the Department of an address change, does not exempt a licensee from renewing their license on time.

Licensees are required to renew their license(s) by using the online renewal system at www.michigan.gov/elicense using a debit or credit card containing a MasterCard, Visa or Discover logo or by electronic check.

3. How do I file a complaint against a health care professional?
