GENERAL BUMPING PROCEDURE

COUNTY BUMPING OPTIONS

If you are scheduled for layoff at your work site, your bump calculations shall be applied sequentially to the county bumping preference option(s) you select. Only check the box(es) you are selecting for your county bumping preference.

- STEP 1: I am choosing bumping preference to my current classification and level.
- STEP 2: I am choosing bumping preference to successfully lower levels within my current class series
- STEP 3: I am choosing bumping preference to my former UAW classification and level
- STEP 4: I am choosing bumping preference to successfully lower levels within my former UAW class series

STATEWIDE BUMPING OPTIONS

If you are unable to apply bumping preference within your current county of employment, or you did not select bumping preference in Steps 1-4 of the General Bumping Procedure, your bump calculations shall be applied sequentially to the Statewide Bumping option(s) you select. Only check the box(es) you are selecting for your Statewide bumping preference.

- STEP 5: I am choosing bumping preference to my current classification and level.
- STEP 6: I am choosing bumping preference to successfully lower levels within my current class series.
- STEP 7: I am choosing bumping preference to my former UAW classification and level.
- STEP 8: I am choosing bumping preference to successfully lower levels within my former UAW class series.
