TO: Members of the State Electrical Administrative Board
FROM: Dan O'Donnell, Chief, Electrical Division
SUBJECT: Journeyman electrician examination application

APPLICANT REPRESENTATIVE:

Joshua D. Svinarich

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the journeyman electrician examination.

APPLICABLE RULE:

1956 PA 217, MCL 338.883a Sec. 3a. (c), MCL 338.883d Sec. 3d. (1), (a), (b), (c), (d), Administrative Board General Rules R338.1005a Rule 5a. (1), (2), (3), R338.1006a Rule 6a (1), (3), (4).

FINDINGS:

Mr. Svinarich submitted an application to sit for the journeyman electrician examination. The information that Mr. Svinarich included with his application indicates

Providing for Michigan's Safety in the Built Environment

LARA is an equal opportunity employer
Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.

Information

Applicants are permitted one examination for the \$100.00 fee. Upon achieving a minimum passing score of 75% or higher, the applicant will be billed \$40.00 for the journeyman electrician license prior to issuance of the license. Failure of examination 2 times within 2 years requires 1 year waiting period from the date of the second failure and proof of successful completion of a course on code, electrical fundamentals or theory to be eligible for reexamination. Examination fee is forfeited upon failure to appear for scheduled examination unless written explanation is received within 10 business days of the examination.

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a journeyman electrician in another state or country may qualify for examination upon determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan in accordance with the provisions of section 3a of the act.

Licensing Requirements

Licensing Requirements

RESIDENTIAL WIREMAN

Applicants for a Colorado residential wireman's license are required to provide verification of four thousand hours earned in no less than two years of electrical construction wiring experience, for lights, heat, and power.

JOURNEYMAN ELECTRICIAN

Applicants for a Colorado journeyman electrician's license are required to provide verification of eight thousand hours earned in no less than four years of electrical construction wiring experience, for lights, heat, and power; with a minimum of four thousand hours earned in no less than two years of that time being commercial and/or industrial work. Verification of experience must state the hours and months of the time spent performing residential and commercial/industrial wiring.

MASTER ELECTRICIAN

Applicants for a Colorado master electrician's license are required to provide verification of at least two thousand hours earned in no less than one year of planning, laying-out, and supervising the installation of wiring, apparatus, and equipment for electrical light, heat, and power beyond the experience requirements for the journeyman's license unless you are applying under §12-23-106, C.R.S. or §12-23-109, C.R.S.

VERIFICATION OF EXPERIENCE FORM

In July 2005, the Colorado State Electrical Board began accepting the Affidavit of Experience Form instead of work verification letters on company letterhead. **After December 31, 2005, you must use this form to verify work experience.** No other format will be accepted by the Board.

Exam Information

The electrical licensing examination is now being administered by a private testing agency, Pearson Vue. Once the application has been approved by the State Electrical Board, a letter of acceptance and information on how to contact Pearson Vue to obtain a candidate handbook will be mailed. The handbook will provide information on who to contact, how to schedule for the written examination, the testing locations, and the required fee, and other pertinent information.

NOTE: Positive photo identification must be presented at the time of admission to the electrical examination.

Temporary Permits

If a temporary work permit is required, a request should be made at the same time the original application is submitted. Only one temporary work permit can be issued. A work permit will be issued for a 30-day period only. If, after the expiration of the permit, the applicant has failed to qualify for licensure, such applicant shall cease and desist from working as a master, journeyman, or residential wireman in the state of Colorado. If the applicant is not currently licensed in another category, such applicant must register as an apprentice and work with supervision.

Apprentice Registration

Upon employing an electrical apprentice to perform electrical work, the electrical contractor shall register such apprentice with the Board. Such apprentice shall be under the supervision of a licensed electrician when performing any electrical work.

ELECTRICAL APPRENTICE INFORMATION

An individual interested in becoming an electrical apprentice should speak to their employer (a registered electrical contractor) to inquire about their specific apprentice training. Once you begin working with an electrical contractor as an apprentice, you must register as an apprentice using the Application for Apprentice Registration found on our website at www.dora.colorado.gov/professions/electrical. Registration is a requirement to validate electrical experience for licensure.

Apprenticeship Agreement

The sponsor and apprentice whose signatures appear below agree to the terms and conditions set forth in the Apprenticeship Standards currently in effect and registered with the Maryland Apprenticeship and Training Council (MATC).

Further, the sponsor agrees that the apprentice shall be given equal opportunity in all phases of apprenticeship employment and training without discrimination because of political or religious opinion or affiliation, marital status, race, color, creed, national origin, sex, or age, unless sex or age constitutes a bona fide occupational qualification or the physical or mental disability of a qualified individual with a disability in accordance with the Maryland State Plan for Equal Employment Opportunity in Apprenticeship & Training.

The apprentice agrees to be diligent and faithful in learning the occupation in accordance with the terms and conditions set forth in the Apprenticeship Standards registered with the MATC.

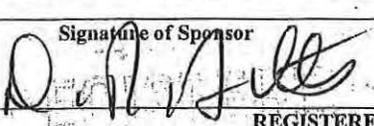

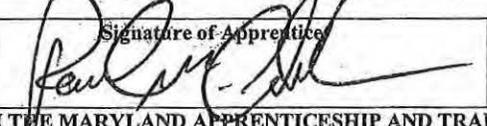

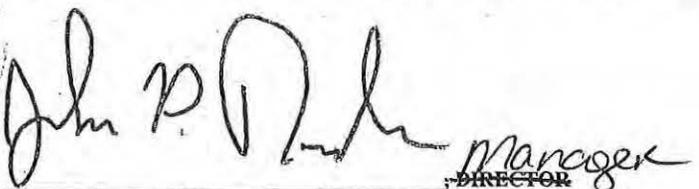

This agreement may be terminated by either party without cause during the probationary period by submitting written notification of termination to the MATC. After the probationary period, this Agreement may be terminated for good cause with due notice to the apprentice and a reasonable opportunity for corrective action and with written notice to the apprentice and MATC of the final action taken.
