TO: Members of the State Electrical Administrative Board
FROM: Dan O'Donnell, Chief, Electrical Division
SUBJECT: Journeyman electrician examination application

APPLICANT REPRESENTATIVE:

Donald C. Ort

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the journeyman electrician examination.

APPLICABLE RULE:

1956 PA 217, MCL 338.883a Sec. 3a. (c), MCL 338.883d Sec. 3d. (1), (a), (b), (c), (d), Administrative Board General Rules R338.1005a Rule 5a. (1), (2), (3), R338.1006a Rule 6a (1), (3), (4).

FINDINGS:

Mr. Ort submitted an application to sit for the journeyman electrician examination. The information that Mr. Ort included with his application indicates that he was employed by Tower Automotive from June 1998 until August 2005 as an apprentice electrician and

he attained 8000 hours of practical work experience. Mr. Ort also provided a copy of a certificate from the United States Department of Labor Office of Apprenticeship (USDOLOA) that indicates that he completed an electrical apprenticeship under the sponsorship of Tower Automotive- Sebawing Business Unit. The documentation does not indicate who supervised Mr. Ort during the time period indicated above as required by section 338.883d, Sec 3d. (1) (d) (i) of 1956 PA 217 MCL. The department has attempted to get this information form both Mr. Ort and Tower Automotive however we have not been able to do so.

RECOMMENDATION:

In accordance with the acts and rules listed above staff concludes that Mr. Ort did not provide notarized documentation that his electrical experience was under the direct supervision of a licensed individual and therefore he does not meet the requirements of MCL 338.883d Sec 3d. (1) (d) (i) to sit for the State of Michigan journeyman electrician examination and recommends that the board deny his application.

Authority: 1956 PA 217 Completion: Mandatory Penalty: Examination will not be given	LARA is an equal opportunity employer/program. Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.
---	--

Instructions: To be eligible to make application for and take this examination an applicant shall meet the following criteria:

- Complete and sign application. Type or print in ink.
- Application and fee must be received 20 business days prior to the examination date.
- Applicant must not be less than 20 years of age.
- Provide **notarized** documentation from present or former employers to the effect that the applicant has not less than 8,000 hours of practical experience obtained over a period of not less than 4 years related to electrical construction or electrical maintenance of buildings under direct supervision of a person licensed pursuant to the act. Documentation must include the beginning (month, day, year) to ending (month, day, year) dates of employment. The 8,000 hours of practical work experience over 4 years must be attained prior to the deadline date for submitting documentation. **Notarized** documentation must be on employers' letterhead stationery and provide dates of employment and hours worked under licensed supervision and signed by the qualified master electrician.
- Enclose a check made payable to the **State of Michigan**.
- Mail completed application, required documents, and payment to the address listed above.

Information

Applicants are permitted one examination for the \$100.00 fee. Upon achieving a minimum passing score of 75% or higher, the applicant will be billed \$40.00 for the journeyman electrician license prior to issuance of the license. Failure of examination 2 times within 2 years requires 1 year waiting period from the date of the second failure and proof of successful completion of a course on code, electrical fundamentals or theory to be eligible for reexamination. Examination fee is forfeited upon failure to appear for scheduled examination unless written explanation is received within 10 business days of the examination.

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a journeyman electrician in another state or country may qualify for examination upon determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan in accordance with the provisions of section 3a of the act.

To Whom It May Concern:

Donald C. Ort was employed by Tower Automotive from 6/25/98 until 4/7/05. During his years of employment, he had at least 8000 hours of practical work experience over 4 years as an electrician apprentice.

We are not able to provide a signature from a qualified master electrician that he was supervised by due to the plant closing in 2002.

Feel free to contact me if I can be of further assistance.

Good Morning Linda,

I received the letter that was written form Mr. Ort, however I do need the following information included in the letter:

1. The electrical contractors license number for Tower Automotive during the time he was employed.
2. The name and license number of the qualifying master.
3. The name of the supervising master (if different from the qualifying master) and/or journeyman he worked under.

If you can get a new notarized letter with this information in it, you can fax it to me at 517 241-9308.

You can email or call me if you have any questions.

Dear Mr. Livingston:

In reference to your letter dated September 29, 2014 to provide information regarding my work experience before my application can be review.

1. You are asking for out State work experience
2. I did not have my work experience in the United State
3. I did furnish documents stating the number of years for work experience
4. I do not think all Countries have the presentation of proof of work experience
5. I strongly believe I meet the minimum requirement to take this Electrical Journeyman Exam

I have more that sixteen years work experience as an Electrician in various industries. Hence I am willing to have a hearing from the Electrical Administration Board.

Enclosed here are copies proof of work experience.

Thanking you in advance for your favorable consideration and time.

Sincerely

RE: Lawrence Nuukwi Saah

This is to certify that **Mr. Lawrence Saah** was employed with our company City of Cape Town Council from July 19, 2002 to December 12, 2008 as an Electrician for period of six years.

With reference to the above I wish to inform you that Mr. Saah, since the time he has been with us, has been involved in the ongoing maintenance, fault finding, construction and upgrading Pump stations. Attending to and assisting in general construction of light and plug circuits, armored and neoprene cable work, cable tray and cable ducting. Installation of pump, control panels, connecting and testing of pump motors from 2.2kw to 110kw from dol, star delta, soft starter, variable speed drives.

Mr. Saah has undergone various electrical exercises such as star delta, sequence, forward and reverse three and single phase starting plus laid out construction exercise involving lights, plugs, distribution board, trunking and cable tray work. He is knowledgeable and shows a keen interest in all that he does and is a highly committed team player.

We at Cape Town City Council wish his all success in his future endeavors.

SUBJECT: Master electrician examination application

APPLICANT REPRESENTATIVE:

Gordon W. Szalwinski

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the master electrician examination.

APPLICABLE RULE:

1956 PA 217 MCL, 338.883a Sec 3a. (c), MCL 338.883c Sec. 3c. (1) a,b,c,d,e, and Electrical Administrative Board General Rules, R338.1004a Rule 4a. (1), (a), (b), (2), 338.1006a Rule 6a. (1), (2)

FINDINGS:

Mr. Szalwinski submitted an application to sit for the master electrician examination.

www.michigan.gov/bcc • Telephone (517) 241-9302 • Fax (517) 241-9570

The information that Mr. Szalwinski included with his application indicates that he was employed by Pommier Electric, State of Michigan license #6106412 (now called Premier Electric) from 1977 to 1995. The State of Michigan did not have the licensing authority for most of southeast Michigan until 2001. Mr. Szalwinski was not able to provide proof that he ever held an electrical license in Michigan. Mr. Szalwinski did provide documentation of receiving a journeyman electrician license in Pinellas County, Florida in 1997. Mr. Szalwinski also provided a notarized statement that he attained 9200 hours of electrical experience subsequent to receiving his journey license in Florida under the supervision of a licensed electrical contractor.

RECOMMENDATION:

In accordance with the acts and rules listed above staff concludes that Mr. Szalwinski meets the requirements to sit for the State of Michigan master electrician examination and recommends that the board approve his application.

Qualifications for Examination

To qualify for a master electrician license examination, a person shall meet the following criteria:

- (a) Provide a **notarized** statement from present or past employers to demonstrate the attainment of 4,000 hours in not less than 2 years of practical experience under the supervision of a master electrician, subsequent to initial journeyman license issue date.
- (b) If the journeyman license was not issued by the board (department), provide a copy of the license that was issued by a municipality providing for licensing pursuant to the provisions of section 6 of the act or a statement from the licensing authority that verifies the license issue date shall be furnished.

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a master electrician in another state or country may qualify for examination upon a determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan. Refer to information packet.

Information

Applicants are permitted one examination for the \$100.00 fee. Upon achieving a passing score of 75% or higher, the applicant will be billed \$50.00 for the master electrician license prior to issuance of the license. Failure of examination 2 times within 2 years requires a 1 year waiting period from the date of the second failure and proof of successful completion of a course on code, electrical fundamentals or theory to be eligible for reexamination. Examination fee is forfeited upon failure to appear for scheduled examination unless written explanation is received within 10 business days of the examination.

A separate license is required for an electrical contractor.

Up to 2 years (4,000 hours) credit may be given for study of electrically related courses taken through an accredited school. For electrical experience gained in the military to be considered, you must include a copy of your DD-214 form with this application.

Schooling experience shall be documented by official transcripts, which indicate the number of credit hours or the actual number of classroom hours of the electrically related courses. Work experience shall be documented by notarized letters or the enclosed employment verification form from employers (past and present), notarized letters from local unions, or official letters from other licensing boards detailing the duration (actual number of hours) and character of the work. A copy of a current electrical license from another state licensing board, which has work history requirements equal to or more stringent than the 4 year (8,000 hour) requirement of the State of Wyoming, may be acceptable as proof of work history.

Any Journeyman electrician performing electrical work in the State of Wyoming shall be employed at all times by an electrical contractor who carries a current Wyoming electrical contractor's license.

NATIONAL ELECTRICAL CODE The State of Wyoming adopts the National Electrical Code without modification. The examinations for licenses are based on the current edition of the National Electrical Code.

The Applicants license and general correspondence will be mailed to the indicated mailing address on the application. If there is any change in your mailing address, phone number or any other relevant personal information, please contact the Cheyenne office as soon as possible.

A copy of the ICC Examination Information Bulletin can be obtained online at www.iccsafe.org/contractor or by contacting ICC directly at 1-888-ICC-SAFE to have a copy sent via U.S. mail.

TO: Members of the State Electrical Administrative Board

FROM: Dan O'Donnell, Chief, Electrical Division

SUBJECT: Master electrician examination application

APPLICANT REPRESENTATIVE:

Darryl H. Cuttell

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the master electrician examination.

APPLICABLE RULE:

1956 PA 217 MCL, 338.883a Sec 3a. (c), MCL 338.883c Sec. 3c. (1) a,b,c,d,e, and Electrical Administrative Board General Rules, R338.1004a Rule 4a. (1), (a), (b), (2), 338.1006a Rule 6a. (1), (2)

FINDINGS:

Mr. Cuttell submitted an application to sit for the master electrician examination. The information that Mr. Cuttell included with his application indicates that he has 21 years

of electrical experience and has electrical journey, master, and contractor licenses in several states. Mr. Cuttell has notarized documentation of 16000 hours of electrical experience under the supervision of a licensed master electrician and electrical contractor in the Province of Ontario, Canada from July 2008 to January 2014.

RECOMMENDATION:

In accordance with the acts and rules listed above staff concludes that Mr. Cuttell meets the requirements to sit for the State of Michigan master electrician examination and recommends that the board approve his application.

*This information is confidential. Disclosure of confidential information is protected by the Federal Privacy Act.

Qualifications for Examination

To qualify for a master electrician license examination, a person shall meet the following criteria:

- (a) Provide a **notarized** statement from present or past employers to demonstrate the attainment of 4,000 hours in not less than 2 years of practical experience under the supervision of a master electrician, subsequent to initial journeyman license issue date.
- (b) If the journeyman license was not issued by the board (department), provide a copy of the license that was issued by a municipality providing for licensing pursuant to the provisions of section 6 of the act or a statement from the licensing authority that verifies the license issue date shall be furnished.

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a master electrician in another state or country may qualify for examination upon a determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan. Refer to information packet.

Information

Applicants are permitted one examination for the \$100.00 fee. Upon achieving a passing score of 75% or higher, the applicant will be billed \$50.00 for the master electrician license prior to issuance of the license. Failure of examination 2 times within 2 years requires a 1 year waiting period from the date of the second failure and proof of successful completion of a course on code, electrical fundamentals or theory to be eligible for reexamination. Examination fee is forfeited upon failure to appear for scheduled examination unless written explanation is received within 10 business days of the examination.

A separate license is required for an electrical contractor.

RE: Verified Experience Darryl H. Cuttell
Master License Number 339 Toronto Master Electrician

To Whom It May Concern:

In the last 21 years, Darryl has completed numerous projects for our company. He is a Master Electrician and has supervised many of our jobs over the last 6 years. He has been a valuable asset to our company. He has worked on residential projects as well as industrial and commercial. His specialty is materials handling and control systems.

I have listed Darryl's total hours and dates of experience with our company within the last 6 years as requested by the state of Michigan.

January 2011-January 2014-Target Conveyor Installation-Total Hours 8,000

Replaced/Upgraded the PLC processor of the existing facility MCP. Installed CompactLogix L4 processor. Replace the existing L35 CompactLogix processor. Changed out the processors that had existing power supply. Installed the DAI panel next to the existing MCP. Installed the MCPs that contained the motor controls and remote I/O rack that communicated with the new CompactLogix PLC. Installed the Padlock Attachments to all Existing Field ESTOP Pushbuttons. Installed the new SE at Van line P16 for HD Gravity Conveyor. Installed two new EPC's on the new Gravity conveyor side of Van line. P16 to the head and tail end of this conveyor. Installed the power feed for new MCP. Reworked the existing conduits.

September 2009-January 2011-Fastenal Conveyor Installation-Total Hours 6,000

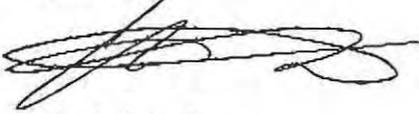

Installation of conveyor system and power station. Converted mechanical power into a set of 3 current to a level of transmissions. Wired all junction boxes and mounting brackets, control systems and networking of the conveyor. Low-Voltage installation.

July 2008-September 2009- Technicolor Conveyor Installation-Total Hours 2,000

Commercial wiring-installation of conduit, metal moldings, cables, wire way, building wire, and panel boards. Industrial wiring (Installation and maintenance of the substation equipment, switchboards, bus duct, automatic controls and cable splicing). Installed, constructed, operated and repaired all the electrical work subject to the National Electrical Code within the building.

Total hours from July 2008-January 2014- 16,000
