TO: Members of the State Electrical Administrative Board
FROM: Dan O'Donnell, Chief, Electrical Division
SUBJECT: Fire Alarm Specialty Technician examination application

APPLICANT REPRESENTATIVE:

Robert S. Smith

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the fire alarm specialty technician examination.

APPLICABLE RULE:

1956 PA 217, MCL 338.883a Sec. 3a. (a) thru (d), Electrical Administrative Board General Rules R338.1005b Rule 5b. (1), (2), R338.1006a Rule 6a (5).

FINDINGS:

Mr. Smith submitted an application to sit for the fire alarm specialty technician examination. The information that Mr. Smith included with his application indicates he qualified for and passed an examination in the State of Texas for a fire alarm technician license and he currently holds that license.

Providing for Michigan's Safety in the Built Environment
LARA is an equal opportunity employer

Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.

P.O. BOX 30254 • LANSING, MICHIGAN 48909
www.michigan.gov/bcc • Telephone (517) 241-9302 • Fax (517) 241-9570

RECOMMENDATION:

In accordance with the acts and rules listed above staff recommends that the board consider the experience that Mr. Smith has attained in Texas and determine whether that experience meets the requirements to sit for the State of Michigan fire alarm specialty technician examination.

FIRE ALARM SPECIALTY TECHNICIAN EXAMINATION REQUIREMENTS

- To be eligible for examination, an applicant must have reached the age of 20 years and be certified by the National Institute for Certification in Engineering Technology (NICET) as an associate of engineering technician, level II, or the equivalent as determined by the Electrical Administrative Board, in the field of fire alarm systems technology.
- **Attach NICET certificate to this application.**

SIGN SPECIALIST EXAMINATION REQUIREMENTS

- To be eligible for examination, an applicant must have reached the age of 18 years and provide notarized documentation from present and former employers with beginning (month, day, year) and ending (month, day, year) dates of employment with not less than 4,000 hours of experience, obtained over a period of not less than 2 years, related to the manufacture, installation, maintenance, connection or repair of electric signs and related wiring, as verified by a contractor license under the act.
- **Attach documentation showing completion of a sign specialist training course.**

Examination Site

Examinations are given at the sites listed below. Refer to the enclosed "Schedule of Electrical Board Meetings and Licensing Examinations" for examination dates. Please check below the site you wish to be examined at and indicate a preference of examination month. If approved for examination, an admission card will be mailed to you approximately 10 days prior to the examination date. If the examination you have selected is full, you will be scheduled for the next available examination at your preferred site.

Preferred Site

Lansing

Escanaba

Preferred Month

SEPT 2015

If you have a disability and require an accommodation to take the examination, please submit written documentation from a professional (education professional, doctor, psychologist, psychiatrist) to certify that your disabling condition requires the requested test accommodation.

Certification and Signature of Applicant

I certify the information provided is true and accurate to the best of my ability and I have the experience required for this examination. I further understand falsification of any statement is cause for rejection of this application or revocation of license, if issued.

TYPES OF REGISTRATIONS (for firms)

A firm cannot be registered without a licensed employee.

Alarm Certificate of Registration (ACR)

Each firm engaged in the business of fire detection devices or systems must have an ACR. The extent of work, allowed by the firm (planning, certifying, leasing, selling, servicing, installing, monitoring, or maintaining fire detection devices or systems), is limited by the license held by their employees.

Alarm Branch Office Certificate of Registration

Each separate office location performing the same business as the firm holding the ACR must have a branch office certificate of registration.

Alarm Certificate of Registration - Single Station (ACR-SS)

Each firm engaged in the business of planning, certifying, leasing, selling, servicing, installing, monitoring, or maintaining exclusively single station devices, must have an ACR-SS.

TYPES OF LICENSES (for individuals)

An individual cannot be issued a license until employed by a registered firm.

Fire Alarm Planning Superintendent (APS)

A registered firm that employs a licensed Fire Alarm Planning Superintendent is permitted to sell, plan, install, certify, service, and monitor all types of fire alarm or detection devices or systems. *(This licensee must pass the Fire Alarm Statute & Rules TFM11 test and either have a current Electronic Security Association (ESA) Level III Fire Alarm Designer certification, pass the NICET Level III test or be a licensed Texas Professional Engineer.)*

TYPES OF LICENSES (for individuals, cont.)

***Fire Alarm Technician (FAL)**

A registered firm that employs a licensed Fire Alarm Technician is permitted to sell, install, certify, service, and monitor all types of fire alarm or detection devices or systems. Planning must be done by another type qualified firm. *(This licensee must pass the Fire Alarm Statute & Rules TFM11 test and the Fire Alarm Technical TFM12 test. The technical exam may be waived if an individual holds a current Electronic Security Association (ESA) Level II Fire Alarm Technician certification or by passing the NICET Level II test.)*

Fire Alarm Monitoring Technician (AMT)

A registered firm that employs a licensed Fire Alarm Monitoring Technician is only permitted to monitor residential or commercial fire alarm or detection devices or systems. *(This licensee must pass the Fire Alarm Statute & Rules TFM11 test and the Fire Alarm Monitoring TFM14 test.)*

Residential Fire Alarm Superintendent (RAS)

A registered firm that employs a licensed Residential Fire Alarm Superintendent is permitted to sell, plan, install, certify, service, and monitor fire alarm or detection devices or systems in one- and two-family dwellings. A Residential Alarm Superintendent can also perform all the functions of a Fire Alarm Technician. *(This licensee must pass the Fire Alarm Statute & Rules TFM11 test, the Fire Alarm Technical TFM12 test and the Fire Alarm Residential TFM13 test. The technical exams may be waived if an individual holds a current Electronic Security Association (ESA) Level II Fire Alarm Technician certification or by passing the NICET Level II test.)*

Residential Fire Alarm Superintendent-Single Station (RAS-SS)

A registered firm that employs a licensed Residential Fire Alarm Superintendent - Single Station is only permitted to sell, plan, install, certify, and service single station heat or smoke detectors which are not connected to any other detection device or system, in one- or two-family dwellings. *(This licensee must pass the Fire Alarm Residential TFM13 test, and the Fire Alarm Statute & Rules TFM11 test.)*

Residential Fire Alarm Technician (RAL)

An RAL licensee is permitted to install, service, inspect, and certify residential single-family or two-family fire alarm or detection systems. *(This licensee must successfully complete a residential fire alarm technician training course conducted by a training school approved by the State Fire Marshal's Office.)* An Alarm Certificate of Registration can't be issued to a firm who only has an individual with this license type.

A licensed individual may not perform the above services unless they are an employee or agent of a registered firm.

¹ Certify means to certify that the system meets Chapter 6002, not to certificate or placard the system as meeting central station requirements.
² The technical testing requirements (other than Statute & Rules TFM11) may be waived for a Texas licensed professional engineer.
³ "Service" includes inspecting, maintaining, repairing, or testing.
⁴ Or exam requirements for NICET Level II, or current certification through ESA at Level II Fire Alarm Technician
⁵ Exam requirements for NICET LEVEL III, or current certification through ESA at Level III Fire Alarm Designer

SCHEDULING A TEST

State Fire Marshal's tests are administered through PSI. You may schedule your test online at anytime using their Internet Registration and Scheduling Service at www.psiexams.com. PSI does offer an option to check the availability of appointment times and locations before registering and providing payment.

TEST DESCRIPTION

All tests consist of questions that require true-false or multiple choice answers. Questions may refer to a drawing, chart, or figure included with the test.

The technical test questions are based on the adopted standards. There are no questions based on specific manufacturer's equipment other than generally referenced by an NFPA standard.

TEST SCORES

A score of 70% is necessary to pass State Fire Marshal's tests. After completion of the test you will receive two score reports. One of these reports must be submitted with your license application.

A brief synopsis of the results is included in your score report.

TEST RESTRICTION

An applicant may only schedule each type of test once a week and no more than three times within a twelve-month period.

TEST REFERENCES

* Fire Alarm Statute & Rules TFM11 Test ⁵

All questions on this test are based on the Texas Insurance Code, Chapter 6002, "Fire Detection and Alarm Device Installation" and the Fire Alarm rules, 28 TAC § 34.600. This book may be downloaded from our web site at: <http://www.tdi.texas.gov/fire/fmlialarm.html>, then click on "Statute and Rules".

* Fire Alarm Technical TFM12 Test ^{3,5}

Most questions on this test are based on the fire alarm sections contained in the National Fire Protection Association (NFPA) standards adopted in the rules. See the rules to determine the latest edition date of the adopted standard.

The Fire Alarm Technical Test includes the following standard in its entirety (except the chapter on Household Fire Alarms).

NFPA 72 National Fire Alarm Code ¹

The Technical Qualifying Test includes only Articles 760, 300 and other article(s) referenced therein of the following standard.

- NFPA 70 National Electrical Code Art. 760 & 300 ¹
- NFPA 13 Sprinkler Systems ¹
- NFPA 13D Dwelling Sprinkler Systems ¹
- NFPA 13R Residential Sprinkler Systems ¹
- NFPA 15 Water Spray Fixed Systems ¹
- NFPA 16 Deluge Foam-Water Sprinkler Syst. ¹
- NFPA 17 Dry Chemical Extinguishing Syst. ¹
- NFPA 17A Wet Chemical Extinguishing Syst. ¹
- NFPA 25 Maintenance of Water-Based Syst. ¹
- NFPA 90A Air Conditioning and Ventilating Syst. ¹

The Fire Alarm Technical Test questions are based on the adopted standards. There may be questions based on practical knowledge of general electrical wiring practices or principles of electricity. There are no intentionally "trick" questions.

Questions on the Fire Alarm Technical Test include but are not limited to the following subjects.

1. Identifying the correct applicable NFPA standard
2. Definition of types of equipment and circuits
3. Selection of the proper type wire and cable
4. Operating principles of various type detectors
5. Location and limitation for the spacing of:
 - Detection devices
 - Notification devices
6. Principles, requirements, installation, and use of:
 - Detection circuits
 - Supervisory circuits
 - Notification circuits
7. Requirements & frequency for testing of alarms

TEST REFERENCES (continued)

Fire Alarm Residential TFM13 Test ^{3,5}

This test is based only on information contained in the chapter on "Household Fire Alarm Systems", of the National Fire Protection Association (NFPA) publication number 72, "National Fire Alarm Code" ¹.

Questions on the Fire Alarm Residential Test include but are not limited to the following subjects relating to household fire alarm systems.

1. Detector type, location, and spacing
2. Required quantity of detectors
3. Single and multiple station detector requirements
4. Power supplies
5. Maintenance and tests

Fire Alarm Monitoring TFM14 Test ^{3,5}

All questions on this test are based on the two following standards. See the rules to determine the latest edition date of the adopted standard.

NFPA 72 National Fire Alarm Code ¹ (Only the chapter on Supervising Station Fire Alarm Systems and other chapters referenced therein.)

UL 827 Central-Station Alarm Services ⁴

NICET Level II or III Test ^{2,3}

This is a series of tests administered by the National Institute for Certification in Engineering Technologies (NICET). A copy of NICET's notification letter confirming the applicant's successful completion of the testing requirements for certification at the required level (II or III) in Fire Protection Engineering Technology, Fire Alarm Systems, must be provided to the State Fire Marshal's Office.

Electronic Security Association (ESA)

ESA is a National Training School. Proof of certification at Level II or Level III must be provided to the State Fire Marshal's Office. Certifications must not be expired.

TO: Members of the State Electrical Administrative Board
FROM: Dan O'Donnell, Chief, Electrical Division
SUBJECT: Master electrician examination application

APPLICANT REPRESENTATIVE:

James C. Dines

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the master electrician examination.

APPLICABLE RULE:

1956 PA 217 MCL, 338.883a Sec 3a. (c), MCL 338.883c Sec. 3c. (1) a,b,c,d,e, and Electrical Administrative Board General Rules, R338.1004a Rule 4a. (1), (a), (b), (2), 338.1006a Rule 6a. (1), (2)

FINDINGS:

Mr. Dines submitted an application to sit for the master electrician examination. The information that Mr. Dines included with his application indicates that from 1989 through 2002 he has attained 2000 hours per year of electrical experience under the supervision of

electrical contractors in the State of Illinois. Mr. Dines also included information with his application indicating that he holds current electrical contractors licenses in Illinois and Indiana.

RECOMMENDATION:

In accordance with the acts and rules listed above staff concludes that Mr. Dines meets the requirements to sit for the State of Michigan master electrician examination and recommends that the board approve his application.

ELECTRICAL DIVISION

If you have a disability and require an accommodation to take the examination, please submit written documentation from a professional (education professional, doctor, psychologist, psychiatrist) to certify that your disabling condition requires the requested test accommodation. Forms are available from this office.

Certification and Signature

I certify the information is true and accurate to the best of my ability and I have the experience required for this examination. I further understand falsification of any statement is cause for rejection of this application or revocation of license, if issued. If granted a master's license, I swear I will not represent as master more than one person, firm, or corporation and if I resign as master I will notify the electrical administrative board within 10 business days.

APPLICANT'S SIGNATURE <i>[Signature]</i>	DATE <i>2/25/15</i>
---	------------------------

*This information is confidential. Disclosure of confidential information is protected by the Federal Privacy Act.

Qualifications for Examination

To qualify for a master electrician license examination, a person shall meet the following criteria:

- (a) Provide a **notarized** statement from present or past employers to demonstrate the attainment of 4,000 hours in not less than 2 years of practical experience under the supervision of a master electrician, subsequent to initial journeyman license issue date.
- (b) If the journeyman license was not issued by the board (department), provide a copy of the license that was issued by a municipality providing for licensing pursuant to the provisions of section 6 of the act or a statement from the licensing authority that verifies the license issue date shall be furnished.

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a master electrician in another state or country may qualify for examination upon a determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan. Refer to information packet.

Information

Applicants are permitted one examination for the \$100.00 fee. Upon achieving a passing score of 75% or higher, the applicant will be billed \$50.00 for the master electrician license prior to issuance of the license. Failure of examination 2 times within 2 years requires a 1 year waiting period from the date of the second failure and proof of successful completion of a course on code, electrical fundamentals or theory to be eligible for reexamination. Examination fee is forfeited upon failure to appear for scheduled examination unless written explanation is received within 10 business days of the examination.

A separate license is required for an electrical contractor.

MAR 05 2015

ELECTRICAL
DIVISION

Thank you and your staff, especially Evie, for taking the time to explain the requirements for electrician licensure in the state of Michigan and allowing me the opportunity to outline my qualifications that support those requirements. I have been gainfully employed and/or an employer in the electrical industry for nearly 30 years; earning and possessing multiple municipal licenses in both Indiana and Illinois and providing consulting services to municipalities, other trade organizations, and businesses. I received my International Brotherhood of Electrical Workers (IBEW) Journeyman's certification in 1996. Copies of my current licenses, including a Master Electrician License and the respective results from the Masters Exam in Michigan City, Indiana, are attached.

I will begin with the present and work back in time outlining the details of my career, licenses, and certifications.

2002-Present: ELECTRICAL CONSTRUCTION & DESIGN, INC dba NWI Generator, Crown Point, IN-Owner/Sales/Estimator/Service Provider

Successful completion of 2,000+ commercial, residential, institutional, and industrial jobs in northwest Indiana and the Chicagoland area, including the complex designing and building of Falling Waters Sewage Treatment Plant and numerous Emergency Back-Up Systems (generators) specifications and installations. This is where I have taken many licensing exams, passed each one, and earned and retained numerous public contracting licenses.

1996-2002: IBEW- Union Journeyman- ALCOR ELECTRIC, INC, Tinley Park, IL- Estimator/Project Manager/General Foreman

1990-1996: LAKE ELECTRIC, Cedar Lake, IN- Foreman Electrician-
Commercial/Residential/Industrial

Vast electrical installations including: power distribution, lighting, emergency power, cranes, elevators and more throughout Northwest Indiana. Owner is no longer in business.

1985-1990:

I began my career in 1985 with on-the-job training in Tampa, Florida. There was no certificate program or union in that area at that time. From 1989-1990 I worked at Disney World as an electrician.

I truly appreciate your time and consideration of my request to take the licensing test. I am happy to provide any additional support and answer any questions that you may require. I would be most grateful for the opportunity to demonstrate my comprehensive understanding and knowledge of all realms of electricity, the National Electrical Code, and the electrical industry overall. Will you please contact me at your earliest convenience and advise of any concerns or added steps to accomplishing the goal of licensure in your great state. My cell phone is 219-313-4317. My office phone is 219-662-5976. My email is chris@nwigenerator.com

I sincerely look forward to all feedback and learning the next steps.

Respectfully,

James C. Dines

TO: Members of the State Electrical Administrative Board

FROM: Dan O'Donnell, Chief, Electrical Division

SUBJECT: Journeyman electrician examination application

APPLICANT REPRESENTATIVE:

Eric D. Bentley

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the journeyman electrician examination.

APPLICABLE RULE:

1956 PA 217, MCL 338.883a Sec. 3a. (c), MCL 338.883d Sec. 3d. (1), (a), (b), (c), (d), Administrative Board General Rules R338.1005a Rule 5a. (1), (2), (3), R338.1006a Rule 6a (1), (3), (4).

FINDINGS:

Mr. Bentley submitted an application to sit for the journeyman electrician examination. The information that Mr. Bentley included with his application indicates that from October 2008 through January of 2015 he has attained in excess of 11000 hours of

Providing for Michigan's Safety in the Built Environment

Examination Fee: \$100.00 (nonrefundable)

Authority: 1956 PA 217 Completion: Mandatory Penalty: Examination will not be given	LARA is an equal opportunity employer/program. Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.
---	--

Instructions: To be eligible to make application for and take this examination an applicant shall meet the following criteria:

- Complete and sign application. Type or print in ink.
- Application and fee must be received 20 business days prior to the examination date.
- Applicant must not be less than 20 years of age.
- Provide **notarized** documentation from present or former employers to the effect that the applicant has not less than 8,000 hours of practical experience obtained over a period of not less than 4 years related to electrical construction or electrical maintenance of buildings under direct supervision of a person licensed pursuant to the act. Documentation must include the beginning (month, day, year) to ending (month, day, year) dates of employment. The 8,000 hours of practical work experience over 4 years must be attained prior to the deadline date for submitting documentation. **Notarized** documentation must be on employers' letterhead stationery and provide dates of employment and hours worked under licensed supervision and signed by the qualified master electrician.
- Enclose a check made payable to the **State of Michigan**.
- Mail completed application, required documents, and payment to the address listed above.

Information

Applicants are permitted one examination for the \$100.00 fee. Upon achieving a minimum passing score of 75% or higher, the applicant will be billed \$40.00 for the journeyman electrician license prior to issuance of the license. Failure of examination 2 times within 2 years requires 1 year waiting period from the date of the second failure and proof of successful completion of a course on code, electrical fundamentals or theory to be eligible for reexamination. Examination fee is forfeited upon failure to appear for scheduled examination unless written explanation is received within 10 business days of the examination.

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a journeyman electrician in another state or country may qualify for examination upon determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan in accordance with the provisions of section 3a of the act.

To whom it may concern

My name is Bruce Erny. I was the Electric licensed Qualifier for Posen Construction of Michigan Florida Division from October 2008 until May 2011. Eric Bentley worked for Posen before and after my time with Posen. His hours worked in his position as Forman Electrician under supervision of Superintendent Ralph Giordano would have been well over 6,240 hours. This is based on 40 hours per week during my time with Posen although he has many overtime hours which cannot be verified. Posen Construction is no longer in business in Florida or Michigan.

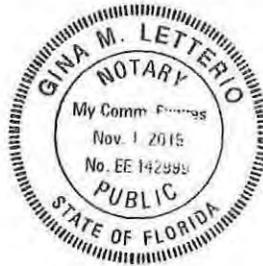

Eric's work included all aspects of Highway Street lighting, Roadway Signage and Traffic Signal installation. He is well versed in 480 Volt single phase services. Also 240/480 three phase. His time as Forman includes blueprint reading, State Request for Information forms, material ordering and inventory, overseeing underground conduit and wire installations, building electric services, trouble shooting and repair as well as OSHA job site safety regulations. He is well traveled throughout the State Florida.

I believe that with this experience and other known sources since the closing of Posen Construction that he is qualified to take the Journeyman exam in your State.

Enclosed please find a copy of my license for Posen Construction which is now null and void.

Thank you

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a journeyman or master electrician in another state or country may qualify for examination upon determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan.

JOURNEYMAN ELECTRICIAN EXAMINATION REQUIREMENTS

- Applicant must not be less than 20 years of age.
- Applicant must provide notarized documentation from present and former employers verifying the applicant has not less than 8,000 hours of practical experience obtained over a period of not less than 4 years related to electrical construction or electrical maintenance of buildings under the direct supervision of a person licensed pursuant to the act. Documentation must include the beginning (month, day, year) to the ending (month, day, year) dates of employment and signed by the qualified master electrician.

Note: The 8,000 hours of practical work experience over 4 years must be attained prior to the deadline date for submitting documentation.

MASTER ELECTRICIAN EXAMINATION REQUIREMENTS

- Applicant must not be less than 22 years of age.
- Applicant must provide notarized documentation from present and former employers verifying the attainment of 4,000 hours in not less than 2 years of practical experience under the direct supervision of a master electrician, subsequent to initial journeyman issue date.
- If the journeyman license was not issued by the State of Michigan, provide a copy of the license that was issued by the municipality providing the licensing pursuant to the provisions of Section 6 of the act or a statement from the licensing authority that verifies the license issued date.

Note: A separate license is required for an electrical contractor.

Certification and Signature

I certify the information provided is true and accurate to the best of my ability. I further understand falsification of any statement is cause for rejection of application or revocation of license, if issued.

Lansing, MI. 48909

To Whom It May Concern:

This letter is to inform you that Duran O. Mullen, S.S.# [REDACTED] is applying to take his State Electrical Exam.

Mr. Mullen has accumulated a total of 4,202.5 hours from July 1, 2000 through February 7, 2005 under the direct supervision of Journeyman Inside Wireman and Master Electricians.

Please accept this letter as proof of his experience in the electrical construction industry through West Michigan Local Union #275, IBEW.

Mr. Mullen will be supplying an additional letter(s) to verify the additional hours needed.

Sincerely yours,

Walter D. Christophersen

TO: Members of the State Electrical Administrative Board

FROM: Dan O'Donnell, Chief, Electrical Division

SUBJECT: Journeyman electrician examination application

APPLICANT REPRESENTATIVE:

Tristan A. Kraft

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the journeyman electrician examination.

APPLICABLE RULE:

1956 PA 217, MCL 338.883a Sec. 3a. (c), MCL 338.883d Sec. 3d. (1), (a), (b), (c), (d), Administrative Board General Rules R338.1005a Rule 5a. (1), (2), (3), R338.1006a Rule 6a (1), (3), (4).

FINDINGS:

Mr. Kraft submitted an application to sit for the journeyman electrician examination. The information that Mr. Kraft included with his application indicates he has attained over 8000 hours of electrical experience and completed an electrical apprenticeship program through IBEW Local 573 in Warren, Ohio.

Providing for Michigan's Safety in the Built Environment

LARA is an equal opportunity employer

Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.

P.O. BOX 30254 • LANSING, MICHIGAN 48909

www.michigan.gov/bcc • Telephone (517) 241-9302 • Fax (517) 241-9570

RECOMMENDATION:

In accordance with the acts and rules listed above staff concludes that Mr. Kraft meets the requirements to sit for the State of Michigan journeyman electrician examination and recommends that the board approve his application.

---	--

Note: In accordance with 2012 PA 313, any veteran providing satisfactory proof of separation from the armed forces of the United States under "honorable" or "general under honorable conditions" is exempt from registration, licensing and examination fees. For consideration, please attach a copy of either a DD-214, and/or DD-215 to your application. You may email your application and documentation to bccelec@michigan.gov if you are requesting a veterans exemption only.

General Instructions

- To help provide optimum customer service and for scheduling purposes please provide completed application at least 20 business days prior to your desired exam date.
- Enclose a check made payable to the **State of Michigan**.
- Mail completed application, required documents, and payment to the address listed above.

Important Information

Applicants are permitted one examination for the \$100.00 fee. Upon achieving a minimum passing score of 75% or higher, the applicant will be billed \$40.00 for the journeyman electrician license or \$50.00 for the master electrician license prior to issuance of the license. Failure of examination 2 times within 2 years requires a 1 year waiting period from the date of the second failure and proof of successful completion of a course on code, electrical fundamentals or theory to be eligible for reexamination. Examination fee is forfeited upon failure to appear for scheduled examination unless written explanation is received within 10 business days of the examination.

If you have a disability and require an accommodation to take the examination, please submit written documentation from a professional (education professional, doctor, psychologist, psychiatrist) to certify that your disabling condition requires the requested test accommodation.

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a journeyman or master electrician in another state or country may qualify for examination upon determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan.

JOURNEYMAN ELECTRICIAN EXAMINATION REQUIREMENTS

- Applicant must not be less than 20 years of age.
- Applicant must provide notarized documentation from present and former employers verifying the applicant has not less than 8,000 hours of practical experience obtained over a period of not less than 4 years related to electrical construction or electrical maintenance of buildings under the direct supervision of a person licensed pursuant to the act. Documentation must include the beginning (month, day, year) to the ending (month, day, year) dates of employment and signed by the qualified master electrician.

Note: The 8,000 hours of practical work experience over 4 years must be attained prior to the deadline date for submitting documentation.

MASTER ELECTRICIAN EXAMINATION REQUIREMENTS

- Applicant must not be less than 22 years of age.
- Applicant must provide notarized documentation from present and former employers verifying the attainment of 4,000 hours in not less than 2 years of practical experience under the direct supervision of a master electrician, subsequent to initial journeyman issue date.
- If the journeyman license was not issued by the State of Michigan, provide a copy of the license that was issued by the municipality providing the licensing pursuant to the provisions of Section 6 of the act or a statement from the licensing authority that verifies the license issued date.

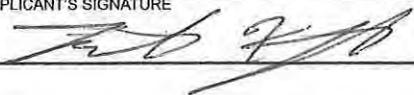

Note: A separate license is required for an electrical contractor.

Certification and Signature

I certify the information provided is true and accurate to the best of my ability. I further understand falsification of any statement is cause for rejection of application or revocation of license, if issued.

Examination Fee: \$100.00 (nonrefundable)

Authority: 1956 PA 217 Completion: Mandatory Penalty: Examination will not be given	LARA is an equal opportunity employer/program. Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.
---	--

Instructions: To be eligible to make application for and take this examination an applicant shall meet the following criteria:

- Complete and sign application. Type or print in ink.
- Application and fee must be received 20 business days prior to the examination date.
- Applicant must not be less than 20 years of age.
- Provide **notarized** documentation from present or former employers to the effect that the applicant has not less than 8,000 hours of practical experience obtained over a period of not less than 4 years related to electrical construction or electrical maintenance of buildings under direct supervision of a person licensed pursuant to the act. Documentation must include the beginning (month, day, year) to ending (month, day, year) dates of employment. The 8,000 hours of practical work experience over 4 years must be attained prior to the deadline date for submitting documentation. **Notarized** documentation must be on employers' letterhead stationery and provide dates of employment and hours worked under licensed supervision and signed by the qualified master electrician.
- Enclose a check made payable to the **State of Michigan**.
- Mail completed application, required documents, and payment to the address listed above.

Information

Applicants are permitted one examination for the \$100.00 fee. Upon achieving a minimum passing score of 75% or higher, the applicant will be billed \$40.00 for the journeyman electrician license prior to issuance of the license. Failure of examination 2 times within 2 years requires 1 year waiting period from the date of the second failure and proof of successful completion of a course on code, electrical fundamentals or theory to be eligible for reexamination. Examination fee is forfeited upon failure to appear for scheduled examination unless written explanation is received within 10 business days of the examination.

Examination Eligibility of Applicants From Other States or Countries

A person who is licensed as a journeyman electrician in another state or country may qualify for examination upon determination by the board that the license was obtained by the person through substantially the same or equal requirements as those of the state of Michigan in accordance with the provisions of section 3a of the act.

TO: Members of the State Electrical Administrative Board

FROM: Dan O'Donnell, Chief, Electrical Division

SUBJECT: Journeyman electrician examination application

APPLICANT REPRESENTATIVE:

Dion L. Campbell

PROJECT:

N/A

AUTHORITY:

The Michigan Electrical Administrative Act, 1956 PA 217 of the Michigan Compiled Laws.

The Electrical Administrative Board General Rules

REQUEST:

Request to petition the Electrical Administrative Board to sit for the journeyman electrician examination.

APPLICABLE RULE:

1956 PA 217, MCL 338.883a Sec. 3a. (c), MCL 338.883d Sec. 3d. (1), (a), (b), (c), (d), Administrative Board General Rules R338.1005a Rule 5a. (1), (2), (3), R338.1006a Rule 6a (1), (3), (4).

FINDINGS:

Mr. Campbell submitted an application to sit for the journeyman electrician examination. The information that Mr. Campbell included with his application indicates

Providing for Michigan's Safety in the Built Environment

LARA is an equal opportunity employer
Auxiliary aids, services and other reasonable accommodations are available upon request to individuals with disabilities.
P.O. BOX 30254 • LANSING, MICHIGAN 48909
