

## Office of Land Survey & Remonumentation

Bureau of Construction Codes

Department of Licensing & Regulatory Affairs

### FORMULA TO CALCULATE 2013 GRANT AMOUNT

(\$5.3 Million Award)

**Category I** is based upon the statutory requirement for counties to receive a minimum of 40% of their annual Survey and Remonumentation fund collections.

$$\frac{\text{County 2011 Total Fund Deposit}}{0.985} \times .40$$

Formula Explained:

2011 Total County Fund Deposits (last full calendar year) **divided** by 98.5% (counties keep 1.5% of all collections) **multiplied** by 40%.

**Category II** is based upon the size of each county which affects the amount of work to be accomplished in a county. County values are derived from the U.S. Census.

$$\frac{\text{County Square Miles}}{\text{Total All Co. Square Miles}} \times (\$5,300,000 - \text{Category I Total} - \text{Category III Total})$$

Formula Explained:

County Square Miles **divided** by the total of all Counties' Square Miles **multiplied** by the result of the Current FY Appropriation **minus** Category I **minus** Category III Totals.

**Category III** gives credit to counties who have contributed local funds in the last completed grant year through a multiplier determined by the Survey and Remonumentation Commission of \$75,000 for each \$Million of grant offered, not to exceed \$1 for each dollar of county cash contributed.

$$\frac{\$397,500}{\text{Total All Co. County Cash Contributions}} \times \text{Total 2011 County Cash Contributions}$$

Formula Explained:

In 2013, \$75,000 **multiplied** by \$5.3 Million= \$397,500. \$397,500 **divided** by the sum of all 83 Counties' 2011 Cash Contributions **multiplied** by the 2011 County Cash Contributions (not to exceed \$1 for each dollar of county cash contributed to the project).

### Recommended Grant Total:

$$\text{Category I Value} + \text{Category II Value} + \text{Category III Value}$$
