## **2015 Grant Application Instructions**

### **GENERAL INFORMATION**

**Under MCL 54.274(1)(a) the original Grant Application must be filed with OLSR by December 31, 2014.**

1. Mail sent to the post office box may take over a week to reach our office, and you may wish to use FedEx or UPS services to the Private Courier address listed; there is **no U.S. postal service to the street address.**
2. Complete the Grant Application in its entirety; no cell should be left blank. If the category does not apply to your county, please enter either a "0" or "NA."
3. Please instruct your county's accounting office at the beginning of the grant year that all revenues and expenses must be transacted through the restricted line item for the Remonumentation grant, and back-up documentation (invoices, salary/wage print-out, journal entries, etc.) must be sent with the Progress and Completion reports.
4. The financial accounting detail must include, at a minimum, the payee's name and some identification to link it to the invoice being paid.
5. Any expense not approved in the Grant Application or in compliance with the grant agreement will **not** be reimbursed.

### **Contacts:**

1. Enter the county name and Federal I.D. number in the upper right cells.
2. Enter the applicable name, address, telephone and fax numbers, and e-mail addresses for the County Grant Administrator and County Representative.

**Note:** If there have been any recent changes in the Grant Administrator or County Representative appointments, please attach, as proof of appointment, a copy of the Board of County Commissioners' resolution or meeting minutes confirming the new appointment.

3. Enter the Grantee Address for Payments registered with the State.

### **2015 Grant Requested:**

1. Enter the recommended 2015 State Grant for your county as provided herein.

2. Enter the amount of the grant the county wishes to use as Reimbursement for Expedited Expenditures, if any.
3. The Total Annual Budget will automatically calculate.

**Signature:**

The County Grant Administrator appointed by the Board of Commissioners **must** sign and date the grant application and submit the **original signature to OLSR**; the grant agreement **cannot be issued** without an original signature. This certification includes the request for 40 percent start-up payment that OLSR will initiate upon receipt of a signed grant agreement from the county.

**Surveying Services and Supplies**  
**Items A, B, C and D**

**Item A – Remonumentation Services:**

1. **Columns A – C:** Enter the number of corner records to be completed and attach an itemized list for each column by Town, Range and Corner Code. Clearly identify when a corner/monument location has more than one corner code associated to it and identify all corner codes for that corner/monument location. All associated corner codes for a corner/monument location must be completed as a single corner, processed and filed accordingly.
  - a. Column A is for corners which have not been perpetuated through the county's program and are being contracted for by the county under the grant.
  - b. Column B is for corners which are not being contracted for by the county but are anticipated to be completed by other agencies, i.e., USFS, MDNR, MDOT, etc., or private surveyors.
  - c. Column C is for corners which have already been perpetuated through the county's program but are in need of being rehabilitated.

**Note:** It is anticipated that the list for Column C will be minimal. Per the Corner Recordation Act, 1970 PA 74, MCL 54.210d, where corner markers are destroyed or subject to destruction, the person/entity placing the corner in harm's way is responsible for the cost to restore and perpetuate the corner.

2. The Register of Deeds recording fees for Land Corner Recordation Certificates must be included under this item.
3. Geodetic coordinates, i.e. latitude and longitude, are required to be filed for every

corner at the time it is monumented, remonumented or maintained. The State Survey and Remonumentation Program requires that these values be reported to an accuracy of 0.01 seconds of arc, which is equivalent to approximately one-foot.

**Item B – Monument Maintenance Services:**

For counties operating under their perpetual monument maintenance plan, the same instructions apply as for Item A above.

**Item C – Remonumentation Supplies and Materials:**

Provide a detailed, itemized listing of the specific expenditures for the items proposed to be purchased as Remonumentation Supplies and Materials.

**Note:** This item is for “remonumentation supplies and materials,” e.g., markers/monuments only and does **not** include geodetic control maintenance/operation/software/purchases, computers/printers/software/etc., recording fees, vehicles/maintenance/supplies, safety equipment, general office supplies, batteries, etc. If you are not sure whether an item qualifies or how to report the item, please contact our office.

**Item D – Geodetic Control Maintenance and Operations:**

Provide an estimate of anticipated costs and how the cost was determined. Also identify each station by its National Geodetic Survey PID.

**Surveying Services and Supplies Subtotal:** This total **must be a minimum of 80%** of the Total Annual Budget.

1. These items will auto-fill based upon the numbers entered in Items A through D.
2. The Percent of Budget will auto-fill by dividing the Total Field Survey Services costs by the Total Annual Budget. Please verify that these numbers are correct and make any corrections necessary.

**Administrative Services and Supplies**  
**Items E, F, G, H and I**

**Items E, F and G:**

Eligible expenditures for the Grant Administrator, County Representative, and Peer Review Group include all costs for the performance of the duties defined in the Act, General Rules for Survey and Remonumentation, County Plan and annual grant agreement. Any additional duties proposed need to be described in an attachment.

**Item G – Peer Review Group Fees/Wages:**

1. The only function of a Peer Review Group is to review corners presented before the county accepts them for filing. Review of group research, workload planning, proposed laws, administrative rules, county plans, etc. are not appropriate expenses incurred by the peer review group for these activities will not be reimbursed.
2. All efforts should be taken to maximize the use of the peer review group, i.e., convening the group to review only a few corners is not typically considered an effective use of the group's time.
3. Unless new evidence is brought forward, or a corner location, corner type or corner code number is changed, a previously remonumented corner shall not be presented to the peer review group.
4. No Grant Administrator, County Representative or Additional Administrative Staff costs are reported here.

**Item H – Additional Administrative Staff Fees/Wages:**

Any additional staff must be identified by name and a description of their duties and estimated cost provided.

**Item I – Administration Supplies and Indirect Costs:**

Include estimates for purchases of county supplies and overhead/indirect costs that are incurred as a direct result of the Remonumentation Program. If these costs would be incurred by the county even if the Remon Program were not operating, then they are not a direct result of the Program.

**Please Note the Following:**

We recommend that the county consider charging a predetermined "indirect cost" to cover all the anticipated miscellaneous office supplies and indirect costs rather than track multiple receipts and monthly invoices/statements.

**Total Administrative Services and Supplies Expenditures:** This total must be less than or equal to 20 percent of the Total Annual Budget.

1. These items will auto-fill based upon the on the numbers entered in Items E through I.
2. The Percent of Budget will auto-fill by dividing the Total Administrative Expenditures by the Total Annual Budget. Please verify that these numbers are correct and make any corrections necessary.

### **TOTAL ANNUAL BUDGET**

Each item will auto-fill based on the numbers entered in Items A through D for Survey Services and Items E through I for Administrative Services. Please verify that these numbers are correct and make any corrections necessary.

### **SUBMITTING THE APPLICATION AND THEREAFTER**

1. All grant applications must be received by OLSR no later than 5:00 p.m. on December 31, 2014.
2. When the grant application is approved by OLSR, an annual contract (grant agreements) is prepared and sent downtown for the department director's signature. The contract can then be mailed to the county with extra signature pages to be returned to our office. The 40 percent start-up payment is processed to the county upon receipt of the signed signature pages from the county.
3. **Please Note:** The signed Grant Agreement signature pages must be returned to OLSR **no later than August 31, 2015** in order to meet the State's purchasing guidelines.

If you have any questions, please contact our office at (517) 241-6321 or e-mail [bccolsr@michigan.gov](mailto:bccolsr@michigan.gov).
