

An Informative Two-Day Seminar:

MIOSHA Construction 10-Hour Course

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This 10-hour program presents an overview of MIOSHA regulations for the construction industry. Detailed information is presented to enable the participant to develop an accident prevention plan as required by Rule 114 of MIOSHA Construction Safety Standard Part 1, General Rules. An overview of MIOSHA inspection procedures is presented, as well as the most frequently cited MIOSHA violations in the construction industry. Participants gain detailed information regarding construction and health standards relative to the industry. Emphasis will be placed on recognizing hazards and describing safe work practices to eliminate or control those hazards. **Students will receive both MIOSHA and OSHA 10-hour cards upon successful completion of the class.**

Agenda

- ▶ Introduction to OSHA/MIOSHA
- ▶ Part 1 General Rules
- ▶ Part 6 Personal Protective Equipment
- ▶ Part 8 Handling & Storage of Materials

Required Class for
Construction Level One
MTI Certificate

This course has been approved for both residential builders pre-licensure and continuing safety training requirements.

All meetings are accessible and barrier free. Please contact the cosponsor or the CET Division, at least 30 days in advance, to request necessary accommodations.

Facilitator

Bryan Renaud joined MIOSHA in 2003 as a Compliance Safety Officer in the Construction Safety and Health Division. His duties included inspecting a variety of workplaces to evaluate their compliance with the Michigan Construction Safety Standards, and investigating accidents and fatalities. Bryan was promoted to Senior Safety Officer in 2006 and later served as a regional supervisor in the enforcement division.

Prior to joining MIOSHA Bryan was a journeyman electrician with the International Brotherhood of Electrical Workers local 773 based in Windsor, Ontario, Canada. Bryan has construction experience ranging from heavy industrial projects to single family residential dwellings.

Bryan maintains electrical licenses recognized throughout Canada and the state of Michigan. Bryan joined the Consultation Education and Training Division in 2009 and provides consultation and training services for construction employers and employees in the Thumb and Southeastern counties of the Lower Peninsula.

Presenters: Bryan Renaud and Patrick Sullivan, Senior Construction Safety Consultants; and Jenelle Thelen, Senior Industrial Hygienist; MIOSHA-CET Division

Bryan Renaud
Senior Construction Safety Consultant
MIOSHA, CET Division
