

## Wayne County Consolidated Jail Facility Project Walbridge/dck Joint Venture

Partnership Signing: June 2012

As of March 31, 2013 this project logged 185,400 hours.

The proposed **Wayne County Consolidated Jail Facility** is currently projected to be in excess of 700,000 Building Gross Square Feet (BGSF) consisting of a partial basement level with a tunnel connection to the existing Frank Murphy Justice Center, main support level, and three (3) levels of inmate housing. Approximate total capacity is 2,192 beds which generally includes twelve 64 cell single cell units, eighteen 64 bed dormitory units consisting principally of eight 8 person mini dorms, and other special housing.

**“IF IT’S NOT SAFE, I WON’T DO IT AND I WON’T LET OTHERS DO IT.”**

### Innovative Best Practices/Safety Initiatives

- 100% Fall Protection
- Safety Huddles (am and pm)
- Safety Observations by Workers
- Pre-Task Analysis (PTA) Score Cards
- PPE Inspection Forms
