The Michigan Occupational Safety and Health Administration (MIOSHA) and The Construction Association of Michigan (CAM) recognize the value of establishing a collaborative relationship to foster safer and more healthful Michigan workplaces. To that end, MIOSHA and CAM hereby form an Alliance to provide CAM members and others with information, guidance, and access to training resources that will help them protect the health and safety of workers, particularly by reducing and preventing exposure to workplace hazards and addressing construction-related issues, and understand the rights of workers and the responsibilities of employers under the Michigan Occupational Safety and Health Act (MIOSH Act). The primary alliance goals are as follows:

Alliance Promotion:

- To promote the dialogue of safety and health to employers and employees in the State of Michigan.
- To encourage work participation in workplace safety and health through improved awareness, cooperation, and cooperation, and promotion of both MIOSHA and CAM programs and services to the entire construction industry.

Outreach & Communication

- To develop information on the recognition and prevention of workplace hazards, and share such information with employers and workers in the industry through publication in CAM e-news, MIOSHA e-News, websites, and social media sites.

Training and Education

- To cross-promote MIOSHA and CAM Educational opportunities, including MTI programs, conferences, and MIOSHA CET Grant Training.
- Encourage members to participate in CET safety and health hazard surveys and consultations with applicable training for management and employees as needed.

----------------------	--	-----------------------------------	---------------------------------------	--	-----------------------------------

- **August 9, 2005** - Michigan Department of Labor & Economic Growth Director David C. Hollister today announced the signing of a strategic alliance between the Construction Association of Michigan (CAM) and the Michigan Occupational Safety and Health Administration (MIOSHA) to protect the safety and health of Michigan's construction workers.
- **August 9, 2009** - The Construction Association of Michigan (CAM) and the Michigan Occupational Safety and Health Administration (MIOSHA) renewed their formal alliance to protect the safety and health of Michigan's construction workers.
- **August 2, 2012** - The Construction Association of Michigan (CAM) and the Michigan Occupational Safety and Health Administration (MIOSHA) renewed their formal alliance today to protect the safety and health of Michigan's construction workers. The MIOSHA program is part of the Michigan Department of Licensing and Regulatory Affairs (LARA).
- **January 7, 2016** - The Construction Association of Michigan (CAM) and the Michigan Occupational Safety and Health Administration (MIOSHA) formally renewed their alliance today. The emphasis on worker education and safety through collaboration between industry and regulatory resources remains a predominant theme of MIOSHA's Alliance program.
- **July 15, 2016** - The Construction Association of Michigan (CAM) and the Mid-America OSHA Education Center signed a formal agreement allowing CAM to serve as a host site offering OSHA authorized outreach training programs.

CAM SAFETY
OFFERS FREE SAFETY TRAINING

These site-customized sessions cover the four leading causes of construction fatalities:

- Fall Protection
- Electrical Safety
- Struck-By Accidents
- Caught-In Accidents

Remember: CAMSAFETY will review your written safety program at no cost to you.

This training is presented at your jobsite, eliminating costly travel time and reducing lost production time, while boosting your staff's safety awareness.

Under a grant from the Michigan Occupational Safety and Health Administration (MIOSHA), CAMSAFETY is now able to provide this training at NO CHARGE to your company.

----------------------	--	-----------------------------------	---------------------------------------	--	-----------------------------------

Areas of Emphasis:

The Construction Association of Michigan signed an alliance with the Michigan Occupational Safety & Health Administration (MIOsha). The goal of the alliance partners is to increase communication within the construction industry and collaboration between CAM and MIOsha; promote increased safety and health awareness by using all of CAM's marketing mediums; foster worker safety and health through education and training opportunities at the jobsite; and facilitate safety and health hazard surveys by the Consultation, Education, and Training (CET) Division of MIOsha.

- **MIOsha Training Institute Co-Sponsor**
- **MIOsha Grant Training on Focus Four Hazards & SHMS Improvement**
 - Fall Protection
 - Electrical Safety
 - Struck By Hazards
 - Caught In/Between Hazards
 - Safety and Health Management System Review
