The Michigan Occupational Safety & Health Administration (MIOSHA) and Macomb Community College (MCC) recognize the value of establishing a collaborative relationship to foster safer and more healthful Michigan workplaces. To that end, MIOSHA and MCC hereby form an Alliance to strengthen and grow the MIOSHA Training Institute (MTI).

### Training and Education:

All goals and objectives of this alliance revolve around training and education offered through the MTI. This alliance will support the MTI in the creation and maintenance of quality instruction following best practices in instructional design principles.

### Outreach and Communication:

- Members of industry will continue to have the opportunity to provide input on MTI through the participation in the MTI Advisory Board, feedback sessions, pilot courses, new initiative surveys, and through the ongoing participant involvement and feedback in MTI courses.
- Macomb will present the successes of the MTI at regional and national workforce education conferences.
- MIOSHA will present the successes of the MTI at safety conferences and expositions.
- Communication through the Advisory Boards of Macomb's Workforce Development and Public Service Institute will provide an avenue for input on relevant training topics for industry.
- MIOSHA staff will continuously promote the benefits and successes of the MTI to members of industry.

## Macomb Community College (MCC)

Signed: September 26, 2005; Renewed: February 5, 2009; April 23, 2012; November 19, 2015

- On September 26, 2005, Macomb Community College and the Michigan Occupational Safety and Health Administration (MIOSHA) signed a formal alliance to help protect the safety and health of Michigan's workers.
- On February 5, 2009, Macomb Community College and the Michigan Occupational Safety and Health Administration (MIOSHA) re-signed a formal alliance to help protect the safety and health of Michigan's workers.
- Macomb's comprehensive Workforce Development Institute (WDI) administers the alliance. The WDI is focused on maintaining Michigan's competitive edge in the global economy - assisting industry in sustaining a highly skilled workforce and supporting meaningful employment opportunities. The college's workforce development and training programs are developed in conjunction with the business and labor community, and are headquartered in Macomb's M-TEC.
- Macomb Community College is one of the nation's leading community colleges, serving more than 30,000 students each semester and reaching more than 350,000 persons each year through cultural and community service programs. The college's comprehensive educational programming includes pre-collegiate experiences, university transfer and career preparation programs, bachelor degree completion and graduate degree programs, workforce training, professional educational and certification, and continuing education and enrichment opportunities.

- The MTI assessment-based certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. The courses offer continuing education credits and maintenance points as well as an opportunity to achieve Level One General Safety and Health, Level Two Safety and Health Management Systems (SHMS), and Safety and Health Compliance certificates. An Occupational Health certificate is also available. MTI courses may qualify an employer for potential penalty reductions during a MIOSHA inspection.

### Areas of Emphasis:

Macomb Community College ([www.macomb.edu](http://www.macomb.edu)) is one of the nation's leading community colleges, providing learning experiences to more than 59,000 students annually. Macomb nationally ranks in the top two percent in the number of associate degrees awarded and is the largest grantor of associate degrees in Michigan. The college's comprehensive educational programming includes pre-collegiate experiences, university transfer and career preparation programs, bachelor degree completion and graduate degree programs, workforce training, professional education and certification, and continuing education and enrichment opportunities.

### MIOSHA Training Institute Mission:

To provide access to consistent, credible, and interactive learning that improves and promotes workplace safety and health for public and private entities that utilizes experiences, new technologies, and best practices that will lead to certification programs and degrees.

To improve and promote public and private sector workplace safety and health through consistent, credible and interactive education and training by utilizing technology, best practices, and experience that will lead to certification programs and degrees.
