Your Bucket List: Aerial Lift Training & Operation

Tuesday, September 27, 2016 (8:00 a.m. – 4:30 p.m.)

Instructor: Phillip Kelley, North American Training Solutions, LLC

This material was prepared under a Consultation Education & Training (CET) Grant awarded by the Michigan Occupational Safety and Health Administration (MIOSHA)

CEUs: 7.5-CTSP requested; ISA Credits will be awarded

Have you ever wondered exactly what should be looked at in a pre-flight Aerial Lift inspection? Do you know what ANSI/OSHA mandates for fall protection when operating an Aerial Lift and why? We will answer these questions as well as discuss safe lift set-up, site set-up and lift operation. Then we will look at pruning and how to maneuver throughout the canopy of the tree to make good cuts, as well as how to build safe and productive rigging systems. This will be done through explanation, demonstration and audience participation in a fun and open learning environment.

**** Please bring basic PPE (hardhat, safety glasses, hearing protection) for the outdoor portion of this seminar ****

**** Attendance limited to first 40 participants to register! ****

Location: City of Southfield Municipal Complex, 26000 Evergreen, Southfield, MI 48076
