Health Professional Recovery Committee(HPRC) – Appointment and Update

Lind shared a memo with Board members, asking for their assistance in identifying individuals who are eligible and willing to represent the Board of Optometry on the Health Professionals Recovery Committee. The HPRC is seeking a new representative for the Board of Optometry.

National Board of Examiners in Optometry (NBEO) Information

Patera explained that the state exam for Optometrists was discontinued years ago, leaving new graduates to pass only the national exam. He explained that there have been concerns about exam reviewer subjectivity that may need to be shared with the NBEO. He will ask Peterson-Klein to provide further analysis of the situation at the next board meeting.

Department Update

Lind announced that the Bureau will be reorganized during 2015.

Siracuse confirmed the members of the Rules Committee, specifically Patera, Peterson-Klein and McNamara.

Siracuse informed that he is half way through drafting the board's rules in accordance with the list of necessary amendments shared by the Rules Committee last fall. Board members should share any comments with the Rules Committee, and Mike will soon share a draft of the proposed rules with the committee for review.

PUBLIC COMMENT

Cindy Schnetzler, representing the Michigan Optometric Association (MOA), noted that the MOA is working in a variety of issues. They are requesting a meeting with the Chair of the House regarding the P3 program involving comprehensive eye exams for children.

Schnetzler offered to contact Thomas Doyle, OD, to determine if he has any interest in representing the Board of Optometry on the Health Professional Recovery Committee.
