

Supervisor's Role... In Safety and Health

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. This course is a MTI Level One course. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This seminar is an overview of topics covered in greater detail in the MIOSHA General Industry 10-Hour+. This seminar is designed for both general industry and construction safety first line supervision, safety and health committee members, and management personnel. Topics covered include employee safety and health training, accident investigation, hazard recognition, and self-inspection techniques. This program gives tips to supervision on methods to integrate health and safety into their daily duties and responsibilities. Using MIOSHA general industry and construction standards and required written programs as a baseline, supervisors are given suggestions to improve their safety and health hazard recognition skills.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

Participants will learn to:

- ▶ Identify a supervisor's major duties and responsibilities.
- ▶ Discuss how to integrate the supervisor's general duties for safety and health.
- ▶ Recognize workplace hazards and corrective actions.
- ▶ Review common MIOSHA general industry and construction violations.
- ▶ Identify required job specific training.
- ▶ Identify how to conduct a self inspection.
- ▶ Conduct an accident investigation and complete associated paperwork.

This course has been approved for residential builders pre-licensure safety training requirements.

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.
