Cindy,

This letter represents Merit's agreement to extend the State of Michigan's existing service agreement (#071B4200179) with Merit for Internet Access at the current prices in place. This extension will run through October 31, 2015 and will include the terms and conditions of the existing service agreement.

Sincerely,

A handwritten signature in black ink that reads "Jason Russell". The signature is fluid and cursive, with the first name "Jason" and last name "Russell" clearly legible.

Re: Contact Number 071B4200179

This is a request for a Change Notice to remove the "Merit VMware Pricing" from this contract effective immediately.

Merit's Enterprise License Agreement (ELA) with VMware, which allowed us to providing licensing to state and local government and education, ended as of September 30, 2013.

If you have any questions or need additional information, please feel free to contact us.

Sincerely,

A handwritten signature in black ink that reads "Jason Russell". The signature is written in a cursive style with a large, looped initial "J".

**MICHIGAN DEPARTMENT OF TECHNOLOGY,
MANAGEMENT AND BUDGET
IT SERVICES
STATEMENT OF WORK**

Project Title: Remove Vmware from Merit service offerings CCN	Period of Coverage: 10/3/2004 – 10/31/14
Requesting Department: Telecommunications	Date: 10/24/13
Agency Project Manager: Jim Bowen	517 241-9076
DTMB Project Manager: Steve McMahon	Phone: 517 373-6353

Brief Description of Services to be provided:

BACKGROUND:

Removal of Services from Link Michigan contract for Merit Networks product offering

PROJECT OBJECTIVE:

Remove Merit provided Vmware from Mideal and SOM service offerings

SCOPE OF WORK:

Add CCN to existing LinkMi contract for Merit

TASKS:

Submit ITRAC with Vendor supplied CCN
Monitor CCN thru approval process
Add CCN to existing contract

DELIVERABLES:

Deliverables for this project include:
Approved CCN for Merit Networks

ACCEPTANCE CRITERIA:

CCN is approved thru process

PROJECT CONTROL AND REPORTS:

1. Not a project, no controls or meetings needed.

SPECIFIC DEPARTMENT STANDARDS:

None necessary

PAYMENT SCHEDULE:

Payment will be made on a • Satisfactory acceptance of each Deliverable basis. DTMB will pay CONTRACTOR upon receipt of properly completed invoice(s) which shall be submitted to the billing address on the State issued purchase order not more often than monthly. DTMB Accounts Payable area will coordinate obtaining Agency and DTMB Project Manager approvals. All invoices should reflect actual work completed by payment date, and must be approved by the Agency and DTMB Project Manager prior to payment. The invoices shall describe and document to the State's satisfaction a description of the work performed, the progress of the project, and fees. When expenses are invoiced, receipts will need to be provided along with a detailed breakdown of each type of expense.

Payment shall be considered timely if made by the DTMB within forty-five (45) days after receipt of properly completed invoices.

EXPENSES:

The State will NOT pay for any travel expenses, including hotel, mileage, meals, parking, etc.

PROJECT CONTACTS:

The designated Agency Project Manager is:

Name Jim Bowen
Department DTMB
Area Telecommunicationis
Building/Floor Hannah, 1st flr.
Address 608 W. Allegan
City/State/Zip lansing, MI 48933
Phone Number 517 241-9076
Fax Number
Email Address bowenj@michigan.gov

The designated DTMB Project Manager is:

Name Steve McMahon
Department
Area Telecommunicationis
Building/Floor Hannah, 1st flr.
Address 608 W. Allegan
City/State/Zip lansing, MI 48933
Phone Number 517 373-6353
Fax Number
Email Address mcmahons@michigan.gov

AGENCY RESPONSIBILITIES:

None

LOCATION OF WHERE THE WORK IS TO BE PERFORMED:

As requested by the agency for new service

EXPECTED CONTRACTOR WORK HOURS AND CONDITIONS:

Work hours are not to exceed eight (8) hours a day, forty (40) hours a week. Normal working hours of 8:00 am to 5:00 pm are to be observed unless otherwise agreed to in writing.

No overtime will be permitted.

Effective June 11, 2013, the following language is hereby added to this contract:

2.11.6 PCI Data Security Standard

(a) Contractors that process, transmit or store credit/debit cardholder data, must adhere to the Payment Card Industry (PCI) Data Security Standards. The Contractor is responsible for the security of cardholder data in its possession. The data may only be used to assist the State or for other uses specifically authorized by law.

(b) The Contractor must notify the CCI (within 72 hours of discovery) of any breaches in security where cardholder data has been compromised. In that event, the Contractor must provide full cooperation to the Visa, MasterCard, Discover and state Acquirer representative(s), and/or a PCI approved third party to conduct a

thorough security review. The Contractor must make the forensic report available within two weeks of completion. The review must validate compliance with the current PCI Data Security Standards for protecting cardholder data.

(c) The Contractor must properly dispose of cardholder data, in compliance with DTMB policy, when it is no longer needed. The Contractor must continue to treat cardholder data as confidential upon contract termination.

(d) The Contractor must provide the CCI with an annual Attestation of Compliance (AOC) or a Report on Compliance (ROC) showing the contractor is in compliance with the PCI Data Security Standards. The Contractor must notify the CCI of all failures to comply with the PCI Data Security Standard.

All other terms, conditions, pricing and specifications remain the same. Per DTMB Procurement approval.

Terms and Conditions

Through an agreement with VMware, Merit Network, Inc. ("Merit") has obtained the ability to license VMware software ("Software") and provide support and subscription services ("SnS Services") for the benefit of its Member Organizations ("Member"), subject to the VMware Master End User License Agreement (VMware EULA), found at http://www.merit.edu/services/vmwarelicensing/pdf/Master_VMware_EULA_0210-3.pdf.

Please note that the following terms and conditions and those contained in the VMware EULA supersede any indicated in the click through agreement when the Member deploys any Software through this program ("End User Member"), and that Member's completion of this order indicates acceptance of these terms and conditions.

Merit Membership

Eligible organizations that can deploy the Software and purchase SnS Services ("Product") are: (a) accredited elementary, pre-secondary, secondary, post-secondary schools, medical teaching institutions that receive a majority (greater than 50%) of its funding from an accredited higher education institution located in the State of Michigan; and (b) state and local government agencies located within the State of Michigan. Eligible organizations must be either Full Merit Members ("Full Member") or Basic Licensing Members ("Basic Member") in order to deploy Software through the Merit Licensing VMware Program.

A Basic Member fee of \$150 will be applied to all orders from eligible organizations that are not current Merit Members ("Non-Members"). Basic membership is limited to the deployment of VMware licensing only, and covers the term of SnS Services purchased. Basic Members may convert to Full Members for an additional \$600 per year. Visit www.merit.edu to learn more about the benefits of Merit membership. An organization whose Merit membership has expired cannot deploy additional Software and SnS Services through the Merit VMware Licensing Program without having the Basic Member Fee reapplied, but may continue to use existing Software in accordance with the VMware EULA.

Grant and Use Rights for Software

Merit shall retain ownership of all licenses deployed by its End User Members per the VMware EULA. Upon payment of the applicable fees by the End User Member to Merit, and subject to the VMware EULA, the End User Member shall have the right to deploy the Software and SnS Services indicated on their purchase order solely within the United States. For all new Software deployed, all related SnS Services will be delivered at the Production Support level. Member will be billed in advance for full term of SnS Services indicated on this order.

Terms and Conditions

1. Payment Terms:

- 1.1. Product Prices are as listed on the current quote and are valid for 30 days from the date of the quote.
- 1.2. Member shall pay to Merit the amounts set forth on the accepted purchase order for the Software and Services therein.
- 1.3. Licenses are non-refundable after the license keys are issued. **45 days**
- 1.4. Payment is due upon 30 days of receipt of invoice. Payments beyond ~~30~~ **45** days past due will be subject to a ~~\$50.00~~ **late charge**. Accounts that are not collectable by Merit may be turned over to an outside collection agency for collection. If account is turned over for collection, Member agrees to pay the company a "Processing and Collection" Fee of not less than ~~\$30~~ **more than \$450**.
- 1.5. All checks should be made payable to Merit Network and remitted to PO Box 888688, Grand Rapids, MI 49588.

fee of 0.75% of the undisputed amount owed.

45 days

the amount allowable by law (0.75%).

2. Term and Termination:

- 2.1. The initial Product term shall commence from the invoice date generated once the Product is deployed and shall continue for the term indicated.
- 2.2. Merit may terminate the End User Member's rights to use the Product upon the failure of the Member to pay charges when due, or for material breach of any other term indicated. Such termination will not relieve Member of responsibility of the payment of all accrued charges, plus reasonable interest and any collection fees.
- 2.3. Limitation of Liability: Merit shall not be liable to the Member for any damage arising out of any event that is beyond the control of Merit. Merit shall not be liable to the Member for any indirect, special, incidental, exemplary, consequential or other form of money damages, including but not limited to lost profits or damages of any kind, however caused, arising out of or in connection with the use or provision of the Product, whether based in contract, tort or any other legal theory, and whether or not Merit has been made aware of the possibility of these damages.

along with State of Michigan Contract number: 071B4200179.

Applicable Laws and Obligations: End User Member must comply with all laws, regulations, and policies applicable to their use of the Product, including without limitation, U.S. export laws concerning use of the Product.

- 5. This constitutes the entire agreement between the parties and supersedes all prior agreements and understandings with respect to the same subject matter. This agreement may not be modified by, and shall supersede any additional or contradictory term or condition of any Product purchase order from Member unless Merit expressly agrees otherwise in writing. No amendment or modification of this agreement shall be effective unless in writing and signed by both parties.

October 26, 2010

Jack Harris
State of Michigan
608 West Allegan
Lansing, MI 48933

Dear Jack,

We are pleased to provide the enclosed cost schedules, attachments A and B for upgrading to Commodity with OnNet Emphasis Costs. We have also included The State of Michigan's bandwidth usage statistics for September 2010. Merit has long been a supporter of the State's technology initiatives, and has been empathetic towards the State's current financial challenges. In an effort to work collaboratively, Merit, a 501(c)3 non-profit organization, is pleased to announce this new State pricing model. Any new additional attachments under this State pricing model may attach at a lower annual additional attachment fee of \$1,500 which is a \$300 per year savings to current additional attachment fees. (Installation and Access costs still apply as required by each new location.)

The information contained in this proposal is valid for a period of ninety (90) days from the date of this proposal, unless rescinded by Merit. Your current service agreement with Merit Network expires on October 31, 2011.

Merit values the relationship we have built over the years with your organization. State of Michigan has been a Merit Member since 1995 and is connected to our network via a fiber connection at 9Mbps OnNet, 9Mbps OffNet for a total of 18Mbps of contracted bandwidth. In addition, Merit provides Domain Name Service for one domain and provides 284 Internet addresses to your organization. Merit looks forward to continuing the partnership with your organization to make Michigan a showcase for high-performance networking for education and research.

Your current billing cycle is November 1 - October 31. If you wish to proceed with this upgrade, please return two signed service agreements with the contract term noted, and copies of the respective schedule(s) with your options checked, e.g. service agreement term, bandwidth level, your signature and printed name, and the date. If your organization requires a purchase order, please send it along with the service agreement and schedules. Faxed service agreements, schedules, and purchase orders are acceptable to begin the upgrade process, but must be followed-up with originals via U.S. Mail.

If you have any questions or need additional information, please feel free to contact the NFP Support Team at nfpsupport@merit.edu or 734-527-5773. For the latest information about Merit, please refer to the enclosed material or visit our web site at www.merit.edu.

Thank you for your continued interest and support of Merit Network, Inc.

Sincerely,

A handwritten signature in cursive script that reads "Teresa L. Raymond".

Contracted Bandwidth is Merit's current Commodity/OnNet Emphasis pricing that will be honored if the State of Michigan elects to exercise the 1-yr contract extension option. ConsortiumWAN Pricing - Under Merit Network, Inc.'s ConsortiumWAN Pricing Model, one or more related organizations may aggregate traffic from multiple physical locations using multiple circuits for consolidated pricing. However, the entities must have an existing legal or purchasing relationship and management structure and one member of the consortium is designated the lead organization. Only the lead organization is permitted to contact Merit regarding service issues and support. For an additional "Full Support" i.e. individual consortium members may have direct contact with Merit. The lead member must accept billing responsibility for the full contracted amount and will be responsible for the total amount due and for determining any chargebacks to the individual ConsortiumWAN members. Traffic for all ConsortiumWAN members are aggregated each month and billed according to the following rates: Bandwidth is measured by the "average peak" bandwidth usage, defined as the maximum bandwidth used in successive traffic samples taken over 30 minutes on two consecutive days in a month. Affiliate pays for the minimum bandwidth specified by the Contracted Bandwidth Fee, plus any additional charge for actual peak bandwidth used each month. The additional charge is calculated as the difference between the specified bandwidth fee and the fee for the peak bandwidth used that month. If Affiliate uses more than the base amount in two consecutive months, the highest amount used in each of those months would become the new base. The Affiliate can also request that the base lowered.

On-Net is defined as traffic that stays entirely within the Merit network or is destined for the Internet2 network. Traffic that leaves the network for "commodity" or peering connections is considered "off-net". Traffic to other research and education networks (with the exception of Akamai) will be considered "off-net". On-Net traffic includes any data exchanged within Merit's Membership base. Merit Membership includes 12 of 13 public universities, 56% of Michigan's overall higher education institutions, 42% of K12 ISDs and ESAs, as well as 30% of public library cooperatives.

CONTRACT PERIOD: From: March 10, 2004 To: October 31, 2009	
TERMS <p style="text-align: center;">N/A</p>	SHIPMENT <p style="text-align: center;">N/A</p>
F.O.B. <p style="text-align: center;">N/A</p>	SHIPPED FROM <p style="text-align: center;">N/A</p>
MINIMUM DELIVERY REQUIREMENTS <p style="text-align: center;">N/A</p>	

NATURE OF CHANGE(S):

This change notice outlines the results of the 18-month technology and pricing review conducted between the State and contract signatories as specified within the contract terms and conditions, and as signed by all parties. Upon issuance of this change notice by DMB Purchasing Operations, the following providers, prices, products, and services hereby replace those items previously listed in the LINK MI contract(s) and change notices. The summary of changes listed below incorporates the results of the 18-month review period concluding on May 17, 2007:

- Merit – Changes in the Internet Connectivity (tiered Ethernet) statement of work category, with a net estimated savings to the State of \$7,650

Total resulting savings estimated at: \$1,543,847

Pricing details with per minute rates, contact and ordering information below:

Merit: Jason Russell, (734) 615-6110	
9Mbps Managed Internet Service	\$2,025.00/month
12Mbps Internet Services	\$2,610.00/month

This is a mandatory use contract. The changes outlined above replace the items and prices within the existing LINK MI contract(s) for these categories. All other items, prices, terms and conditions remained unchanged.

AUTHORITY/REASON:

Per agency request Jack Harris, Director DIT Telecom, teleconference 8/13/07, and Vendors' final proposals for this 18-month review.

TOTAL ESTIMATED CONTRACT VALUE REMAINS: \$238,530,541.00
