

*Commission Resolution 2010-02
to Establish the Position of the Commission
on House Bills 1042, 1043 and 1044*

WHEREAS, introduced Senate Bills 1042 – 1044 assign new responsibilities to the Michigan Commission on Law Enforcement Standards that are outside the scope of the mandated responsibilities of the Commission; and,

WHEREAS, the Commission recognizes that these responsibilities are currently being performed by an existing, legislatively mandated body; and

WHEREAS, the funding mechanism proposed by the legislation would be grossly insufficient to support these additional functions and responsibilities; now,

THEREFORE BE IT RESOLVED, that the Commission is opposed to the proposed legislation as written. However, the Commission would favor participating in any proposed work group to discuss these issues further.

*Adopted by the Michigan Commission on Law Enforcement Standards on
February 24, 2010.*

James Bosscher, Chair
