

MICHIGAN COMMUNITY SERVICE COMMISSION NOTICE OF FUNDS AVAILABLE FOR NEW MICHIGAN'S AMERICORPS PROGRAMS

The Michigan Community Service Commission (MCSC) and the Corporation for National and Community Service (CNCS) are pleased to announce the availability of federal funds to support new Michigan's AmeriCorps programs to start September 2010 for a 12-month program cycle.

What is Michigan's AmeriCorps?

Michigan's AmeriCorps is a National Service program, similar to a domestic Peace Corps, that involves individuals (members) in "getting things done" in their communities. In exchange for a year of service, members receive a living allowance and an education award to help pay for college or repay student loans.

Michigan's AmeriCorps engages the energy and idealism of the citizens of Michigan in meeting the most critical educational, public safety, human services, environmental, and disaster preparedness needs in our communities. Michigan's AmeriCorps currently consists of 19 programs with nearly 1300 members serving on a full- or part-time basis. Members range in age from 17 to 76—and older. The 19 programs partner with more than 200 organizations throughout the state to address the needs of communities.

AmeriCorps members in Michigan have devoted themselves to improving the lives of people in their community by tutoring, mentoring young people, providing after-school programs for youth, reducing illiteracy rates, restoring and preserving public lands, protecting the environment, and helping the homeless. (See www.michigan.gov/mcsc for more information on Michigan's AmeriCorps.)

Who are we?

The MCSC is the administrative agent for Michigan's AmeriCorps. The MCSC funds and supports programs that encourage all Michigan residents to volunteer.

The MCSC works to fulfill this mission through a number of programs, projects, and activities focused on service and volunteerism. These programs include AmeriCorps, Learn and Serve – Michigan, Mentor Michigan, and Volunteer Investment Grants. Annually, the MCSC distributes nearly \$6 million in National Service and volunteerism grants.

Established in 1993, the CNCS engages more than a million Americans each year in service to their communities by providing a way to solve community problems. The CNCS plays a vital role in supporting the American culture of citizenship, service and responsibility.

The CNCS works with governor-appointed state commissions, nonprofits, faith-based groups, schools, and other civic organizations to provide opportunities for Americans of all ages to serve their communities. The CNCS's three major service initiatives are AmeriCorps, Learn and Serve America, and the National Senior Service Corps. The MCSC partners with the CNCS to administer Michigan's AmeriCorps.

Why should my organization apply for a Michigan's AmeriCorps program?

Michigan's AmeriCorps provides people power. Funds provided through Michigan's AmeriCorps support a team of members who provide direct service to build or improve communities and generate volunteers to support their efforts. The Michigan Community Service Commission has established the following priorities:

- Education
- Health
- Energy and the environment
- Economic renewal
- Mentoring
- Prisoner Re-Entry
- Nonprofit capacity building

If there are needs in your community in these areas that you believe can be addressed by the involvement of people serving together, then this program is for you.

Michigan's AmeriCorps grants are not for the purchase of program supplies or materials, nor can they be used to fund or replace existing staff. The Michigan's AmeriCorps funding is intended for recruiting, placing, and supporting volunteers to get things done in communities.

Who is eligible to apply?

Educational institutions (local school districts, intermediate school districts, colleges and universities, etc.), local government entities, state agencies, and nonprofit organizations that have their 501(c)3 status and have been in existence for at least 3 years are eligible to apply for a Michigan's AmeriCorps program.

What types of grants are available?

The MCSC funds operating grants that support fully developed plans to establish a new Michigan's AmeriCorps program or to support, expand, or replicate an existing program. Grant awards will cover a period that includes one year of operation. Grants may be renewed for two additional years, subject to annual review and the availability of federal appropriations.

Program size and grant size?

Programs must be large enough to achieve a demonstrable impact on the communities served. While the actual size of each program may vary depending on the size of the communities in which it operates, the design of the program, and other factors, applicants are required to apply for at least ten (10) full-time equivalent AmeriCorps members. Applicants should evaluate their present infrastructure and capacity when considering program size.

Grant requests may vary in size depending on the type and scope of the proposed program. Applicants are allowed flexibility in developing their budgets, within federal and state limitations. No program funded through the MCSC formula allotment shall receive more than 20% of Michigan's total formula funding from the CNCS. For the 2010-11 application year, we anticipate the

maximum will be \$526,000. In addition, the MCSC has set a target of \$12,600 for the average federal cost per full-time equivalent member for each Michigan's AmeriCorps program.

Is there a match requirement?

Yes. Substantial cash and in-kind matches are required from the applicant. All program costs require at least a 24% cash and in-kind match during each of the first 3 years of funding, with match requirements increasing incrementally after year three. Programs reach a maximum 50% minimum match level during the 10th year of funding. Programs may use other non-CNCS federal funds as part of their match, with prior approval.

Can I partner with other organizations to apply for a Michigan's AmeriCorps program?

Yes. You are encouraged to partner with other organizations in your community or throughout the state to apply for AmeriCorps funding. One organization must serve as the legal applicant and fiduciary. When partnering with other organizations, the MCSC encourages you to seek organizations that share a similar mission or focus on similar issues.

What are the responsibilities of operating a Michigan's AmeriCorps program?

Responsibilities include:

- Recruiting, selecting, placing, training, and supervising members.
- Designating a full-time program director to run the program.
- Selecting and supporting member service sites.
- Submitting quarterly progress reports, monthly expenditure reports, and semi-annual federal financial reports.
- Participating in monthly training and technical assistance meetings or calls for program directors.
- Participating in statewide member events and activities.
