

What is AmeriCorps Week?

AmeriCorps Week is a weeklong, nationwide event designed to bring more Americans into service, salute AmeriCorps members and alums for their powerful impact, and thank the community partners who make AmeriCorps possible. The Edward M. Kennedy Serve America Act has set a bold vision of expansion, impact, and innovation for AmeriCorps, and momentum for national service has never been stronger.

When does AmeriCorps Week take place?

The fourth annual AmeriCorps Week will take place May 8-15, 2010.

Who can participate in AmeriCorps Week?

The broader the participation the better! Individuals and organizations with a special interest in AmeriCorps—especially, members, programs, and alums—are encouraged to use their creativity to mark the week in any way they see fit. The choice is up to you!

What is Michigan doing for AmeriCorps Week?

Michigan's AmeriCorps programs will be planning various AmeriCorps Week projects and events throughout the state. All projects will showcase the power of AmeriCorps and AmeriCorps alums through service in Michigan, as well as to educate key stakeholders on the role, impact, and potential of national service. These projects will engage Michigan's AmeriCorps*State, National, and VISTA members, Senior Corps volunteers, Learn and Serve participants, AmeriCorps Alums, and other community partners.

**Join us for a Michigan's AmeriCorps Week webinar on either April 13th or April 16th at 10:00am to find out what resources are available to help make your AmeriCorps Week project a success! More information to come!*

How do I find out more information about AmeriCorps Week?

For more information about AmeriCorps Week, visit www.americorpsweek.gov. An AmeriCorps Week toolkit is also available at the Michigan Community Service Commission website at www.michigan.gov/mcsc.
