

Accredited Free Zone (TB Free Zone)

This zone includes the remainder of Michigan outside of Alcona, Alpena, Montmorency, and Oscoda counties.

Movement Testing Requirements

Movement of Cattle from Antrim, Charlevoix, Cheboygan, Emmet, Otsego, or Presque Isle Counties

- Cattle must comply with one of the following prior to movement:
 - a. Originate from a herd which has been Wildlife Risk Mitigated verified, **OR**
 - b. Complete a negative bovine tuberculosis test within 60 days prior to movement.
 - c. Cattle less than 2 months of age may be moved without a bovine tuberculosis test if they originate from a herd that completed a whole herd test within 12 months prior to movement.

Movement of Cattle from the remaining counties in the TB Free Zone

- No bovine tuberculosis testing is required prior to movement.

Movement Certificate Requirements

An official movement certificate must be obtained prior to movement of any cattle if they originate from a herd located in Antrim, Charlevoix, Cheboygan, Emmet, Otsego, or Presque Isle counties that has NOT been Wildlife Risk Mitigated verified. Such cattle being transported must be accompanied by a movement certificate and the movement certificate shall be produced upon the request of a law enforcement officer or the director.

Cattle originating from a herd located in Antrim, Charlevoix, Cheboygan, Emmet, Otsego, or Presque Isle counties that have been Wildlife Risk Mitigated verified do not need a movement certificate.

Cattle originating from a herd located in the remaining counties in the TB Free Zone do not need a movement certificate.
