Do you want to add \$1.50 per bushel to your soybean profit?

We are currently offering contracts for soybeans from .7 to 3.8 maturity. All premiums are based off the CME without deducting any basis.

- ◆ NG 2.4 Exclusive genetics. 2.4 Maturity. Less than 2000 seeds/pound. Ideal color, protein and size for tofu. \$2.25/bushel premium.
- ◆ Emerge 389. 3.8 Maturity. 2700-2800 seeds/pound. Soybean Cyst Resistance and late maturity.
- ◆ DSR 2400. 2.6 Maturity. 2000-2400 seeds/pound. Great combination of size, color and protein with high yield potential.
- ◆ DF155 2.5 Maturity. 2200-2400 seeds/pound. Super yield with the protein and size.
- ◆ S20-G7 2.0 Maturity. 2600-2800 seeds/pound. High protein and sizing for the tofu and miso market.
- ◆ NG6108. Exclusive genetics. Early Group 1 maturity. 2500 seeds/pound. Very high protein for maturity.
- ◆ S07-D2. .7 Maturity. 2000-2200 seeds/pounds. Early maturity option with premium protein.

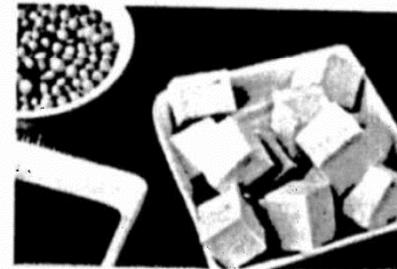

Citizens LLC ships food grade soybeans domestically and exports them to Europe and Asia since 2004. Our Charlotte, MI facility is and IP facility that only handles non GMO, food grade soybeans.
