

Commercial Feed Definitions

Commercial Feed - means all materials or combination of materials, including feed ingredients that are distributed or intended for distribution for use as animal feed or for mixing in animal feed.

Manufacture - means to prepare, grind, mix, package, repackage, or relabel commercial feed for distribution.

Distribute - means either of the following: (i) To offer for sale, hold for sale, sell, exchange, or barter commercial feed. (ii) To supply, furnish, or otherwise provide commercial feed to a contract feeder or integrated operator.

Pet Food - means a commercial feed prepared and distributed for consumption by dogs or cats.

Pet Treat - means a commercial feed provided to an animal as a reward or snack and not intended as pet food.

Specialty Pet Food - means any noncanine or nonfeline domesticated animal kept as a pet and normally confined to and maintained in a cage or tank within the owner's domicile, including, but not limited to, gerbils, hamsters, canaries, psittacine birds, mynahs, finches, tropical fish, goldfish, snakes, and turtles.

Resident Agent - someone who is appointed by the licensee to receive any documents, notices, or demands served upon the licensee. The resident agent must be a Michigan resident, a Michigan corporation, a foreign corporation with a certificate of authority to transact business in Michigan, a Michigan limited liability company or a foreign limited liability company authorized to transact business in this state.

Medicated Feed - is any animal feed containing an approved drug additive (i.e. Chlortetracycline, Tylosin, Monensin, etc.) for the intended use in the diagnosis, cure, mitigation, treatment, or prevention of disease in animals, except man; or to affect the structure or a function of the animal's body.
