If a manufacturer is reporting and paying tonnage fees for other registrants or licensees, those registrants or licensees must attach to the report a listing of the companies reporting and paying tonnage on their behalf. Include the company's name and address along with the products and number of tonnage this company will be reporting on your behalf. The manufacturer will then be responsible for reporting and paying this tonnage for each registrant/licensee on an individual basis.

**Licensed Manufacturer/Distributor List (Attach additional sheets if necessary.)**

List the firms that are paying tonnage inspection fees on your firm's behalf. Failure to provide the customer name and fertilizer license number will disallow the claimed exemptions. For auditing purposes, it is recommended that you have a written agreement with the firm(s) paying tonnage inspection fees on your behalf.
