The Michigan Works! System

The Michigan Works! System is the first unified workforce development system in the country and an instrumental partner for developing Michigan's economic future.

Twenty-five Michigan Works! Agencies comprise the Michigan Works! System. Each Agency is a multi-faceted organization that focuses on innovative, proactive solutions to meet the demands of a rapidly changing economy.

Michigan Works! Agencies oversee workforce development services in their local area and correspond locally to workforce development boards (WDB). Each WDB, in partnership with Local Elected Officials (LEO), is responsible for the development and oversight of workforce development programs in their local area.

WDB members represent the private sector as well as education, economic development and other sectors, and influence workforce development in their community.

With a statewide network of more than 100 Michigan Works! Service Centers, this demand-driven, locally-responsive System serves over three million customers each year.

For more information on the Michigan Works! System or to locate a Michigan Works! Service Center, visit www.michiganworks.org, or call the statewide toll-free number **1-800-285-WORKS (9675)** to be automatically routed to the nearest Michigan Works! Service Center.

Michigan Works! Services

Michigan Works! Service Centers offer a broad spectrum of services to meet the needs of local businesses and assist those seeking employment.

In addition to the services listed below, other partners and community resources are collocated in Michigan Works! Service Centers to better serve customers:

Michigan Talent Bank - an easily accessible web-based labor exchange for business partners and job seekers

Adult Programs - classroom and on-the-job training, remedial education, job search assistance and other supportive services

Youth Programs - the same services offered in adult programs, as well as alternative high school services, school-to-career transition, pre-employment and essential workplace skills training and other supportive services

Training Programs and Readjustment Services for Dislocated Workers - skills training and readjustment services for individuals facing an employment termination or layoff as a result of any permanent closure or substantial layoff at a plant, facility, or enterprise

Trade Programs - training for individuals displaced due to foreign trade

Welfare programs, including the Jobs, Education, and Training (JET) program, provide job search assistance and training and are supported by Temporary Assistance to Needy Families (TANF) funding.

Michigan Works! Association

Mission Statement

The mission of the Michigan Works! Association is to provide leadership and services, and promote quality and excellence for the advancement of Michigan's Workforce Development System and its customers and professionals.

Michigan Works! Association was established in 1987 to foster high-quality employment and training programs, serving business partners and job seekers, by providing support activities and a forum for information exchange for Michigan's Workforce Development System.

The Association's members are Workforce Development Board chairs, Local Elected Officials, and Michigan Works! Agencies. Michigan Works! Association also offers associate membership to organizations with a vested interest in workforce development. Our members represent every area vital to Michigan's future, including workforce and economic development, education, business and state/local organizations.

Michigan Works! Association delivers timely, innovative levels of quality service for Michigan's Workforce Development System.

Through the Association's three-pronged approach to organizational development, members are able to:

- ▶ access professional development opportunities to ensure high-quality programs and service delivery to all customers;
- ▶ receive logistical support as a way to network and share best practices; and
- ▶ partake in education and promotion of the Michigan Works! System to coordinate efforts on statewide projects, and keep legislators and other audiences informed on workforce development issues.

For more information about the Michigan Works! Association, visit www.michiganworks.org.
