RE: NOTICE OF PLANT CLOSURE, Pursuant to 29 U.S.C. §2102

Dear Ms. Hennessey:

Digitron Packaging, Inc., will be permanently closing its only plant located at 24450 Glendale, Redford, Michigan 48239, on May 31, 2007. It is anticipated that all of Digitron Packaging's approximately 450 employees will be terminated as part of two processes and permanent layoffs have already begun. Digitron's bargaining unit employees are represented by the Teamsters Local #243, President Jim "Cinci" Cianciolo, 39420 Schoolcraft Rd, Plymouth Twp, MI. 48170.

Digitron is providing this notice as soon as practicable, and relies on the 29 U.S.C. §2102(b)(1) & (b)(2)(A) exceptions to shorten the 60 day required notice period. Digitron has been negotiating with the Ford Motor Company to restructure its supplier contract. If Ford was notified that Digitron was about to cease operations, Ford would terminate its relationship with Digitron. Moreover, on May 4, 2007, despite being actively engaged in negotiations concerning the payment of utilities, Digitron's landlord shut off power to the plant, precipitating the termination of negotiations with Ford concerning continued operations. Digitron is now in the process of winding down and closing the business.

Thank you for your cooperation. If you require any additional information, please contact me at the office listed above.

Sincerely,

Jeffrey L. Nicholas
