Re: Worker Adjustment and Retraining Notification Act Notice

Dear Mr. Houck:

Please be advised that Johnson Controls, Inc. will conduct a mass layoff at its Taylor plant located at 13500 Huron, Taylor, MI 48180. There are approximately 70 workers who are being permanently laid off. The employees are not represented by a union. The layoff is based on seniority, and the employees being laid off either do not have the ability to bump other employees or have volunteered for the layoff. The layoff is expected to commence on July 2, 2001, and we anticipate that it will be completed by July 13, 2001. A list of affected job titles and the number of affected employees in each category is attached as Exhibit 1.

If you require further information, please contact me at 734-374-5900.
