WORKFORCE TRANSITION

Dear Mr. Houk

On or about October 18, 2001 we forwarded to you notice of the closure of our Sebewaing MI facility located at 249 North Center Street, Sebewaing, Michigan 48759 and the termination of approximately 500 employees in connection therewith.

It presently appears that the terminations of approximately 192 union employees and 34 salary employees (Attachments A & B) related to this closure will occur within 14 days of February 28, 2002 at which time production will cease. This acceleration is the result of schedule adjustments not known at the time of the original notice. Thank you for your attention in this matter.

Sincerely,
Tower Automotive, Inc.
