This letter is being provided to you pursuant to the Worker Adjustment and Retraining Notification Act. A number of employee positions are being relocated from the HP Enterprise Services call center at 930 W.Holmes, Lansing MI, 48910, to the new HP Enterprise Services location at 585 S.Boulevard- East, Pontiac, MI 48341. The transition will begin January 11, 2010 and is expected to be fully transitioned by March, 15, 2010 to the Pontiac, MI location.

While all employees are being offered a transfer, some may reject the transfer and as a result, their employment will be terminated.

We have enclosed the schedule of transition dates for the various job titles.

The transfers will be permanent and there are no bumping rights available for the affected employees as all employees affected by this transition are not union represented.
