

Web-Based Data Repository Indicator Priority Listing

(Based on results of Data Repository Survey and Recommended by the SEW at their 8.11.08 meeting)

PRIORITY	INDICATOR
1+	Youth Consumption Patterns: Alcohol
2+	Youth Consumption Patterns: Tobacco
3+	Youth Consumption Patterns: Illicit Drugs
4+	Youth Prescription Drug Use
5+	Adult Consumption Patterns: Illicit Drugs
6+	Availability of Drugs
7+	School Domain Issues
8+	Alcohol Related Motor Vehicle Crashes
9+	Adult Prescription Drug Use
10+	Adult Consumption Patterns: Alcohol
11+	Child and Family Health Consequences
12+	Adult Consumption Patterns: Tobacco
13+	Extreme Economic and Social Deprivation
14+	Alcohol and Drug Related Crime
15+	Tobacco Related Consequences
16	Family Management and Conflicts
17++	Alcohol and Drug Related Mortality
18	Dependence/Abuse
19	Community Demographics
20	Persons Involved in both Public Mental Health and Sub Abuse System
21	Availability of Handguns

+ Recommendation: The SEW recommends the top fifteen (15) indicators be given priority for inclusion on the Web-Based Data Repository system being developed as part of the SPF SIG efforts, with the recognition that some indicators are immediately available and others may take additional capacity development.

++ Further Recommendation: It is recognized the remaining indicators will be longer term in development, however of those, the SEW further recommends item #17 (Alcohol and Drug Related Mortality) be given priority for future inclusion from those indicators currently remaining a gap.
