Janet Olszewski, Director

October 1, 2008-September 30, 2009

Crime Victim Services Commission

The Crime Victim Services Commission is the state agency charged with overseeing a wide range of funding and services for victims of crime. Its goal is to promote services and supports that protect and enhance the health, safety, dignity and rights of victims of crime across the state of Michigan. The commission is appointed by the Governor and is composed of a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession and a community-based victim advocate.

The commission is empowered to investigate and determine claims for crime victim compensation, to monitor, evaluate and coordinate state and local victim assistance programs, to determine and administer revenues and assessments required in support of services under the Crime Victims Rights Act, and to administer federal grant funding under the Victims of Crime Act of 1984 (VOCA).

The commission would like to extend its thanks and appreciation to the many excellent victim service agencies, organizations and individuals that work with us to carry out the important task of providing crime victim services in Michigan.

In accordance with MCL 18.353, the commission shall give an annual report of its activities to the Governor and the legislature. The commission is pleased to provide this report for the period of October 1, 2008 through September 30, 2009.

The Michigan Department of Community Health is an equal opportunity employer, services and programs provider.

Significant Accomplishments

These activities are supported entirely with dollars paid by criminal defendants.

Michigan Crime Victim Notification Network

The Michigan Crime Victim Notification Network (MCVNN) is a free, confidential, fully automated notification service that immediately notifies registered crime victims and other users upon a change in an offender's custody status. MCVNN can relay important custody, court or arrest information in a matter of minutes anywhere in the United States. Victims and others may call 800-770-7657 or log onto www.vinelink.com to obtain immediate status information on prisoners in custody of the Department of Corrections or participating county jails. Victims whose perpetrator is being held in the Department of Corrections will be automatically registered to receive automated notification of a change in prisoner custody status unless they have made other arrangements with the DOC. Victims may also log onto www.vinelink.com to receive email or telephone notification of the custody status of offenders in the county jails and/or to receive notification of court events involved in their case.

Under the terms of the vendor contract, the state receives ongoing service upgrades and added service sites at no additional cost for the duration of the agreement. Participating agencies consisting of Department of Community Health, Department of Corrections, Michigan Sheriff's Association and Prosecuting Attorney's Association of Michigan provide feedback on system reliability. MCVNN empowers crime victims by providing timely information and a heightened state of security, safety and control.

Michigan Victim Assistance Academy

The eleventh annual Michigan Victim Assistance Academy (MVAA) was held on June 7, 2009, at Michigan State University. Academy instruction in the provision and management of crime victim services successfully met program goals and objectives for the 28 attendees. The 45-hour course on victimology, victim's rights and victim services covered six days and offered more than 20 topics ranging from child victimization to working with the media. A total of 39 participants attended the weeklong academy and benefited from the intense instruction and interaction. Academy participants reported good to excellent ratings. In addition, previous year's academy graduates participated in separate advanced training opportunities. Advanced MVAA trainings were held on DNA Trends and Issues at two locations in Michigan with 57 people attending. In addition, 87 people attended the Impact of Emerging Technology on Child Sexual Abuse training.

Crime Victims Rights Training and Coordination

The commission continued its partnership with the Prosecuting Attorneys Association of Michigan's victim rights coordination and training project. As a result of this project, advocates from around the state attend an annual training seminar and leadership programs. Some training sessions also are SCEU approved responding to special focus victim needs, and the basic training for new advocates has obtained National Organization for Victim Assistance (NOVA) accreditation. The daily introduction of new and more sophisticated technologies, which criminals use more and more frequently to victimize others, requires ongoing training if victim

advocates are to maintain and enhance their skills. Victim advocates in prosecutors' offices across Michigan remain the front-line providers of crime victim's rights. The commission also continued its partnership with the Michigan Sheriffs Association's volunteer advocate training program by offering training opportunities, beepers, printed materials and other resources for the important work these dedicated volunteers accomplish.

Evaluation Training For Provider Agencies

Full-day workshops on evaluation skills were provided for recipients of federal VOCA grant funds and were held at three locations in 2009. The training efforts focused on developing outcome evaluation tools while protecting the confidentiality and safety of survivors; respect for clients when gathering and using the information; and addressing issues of diversity in the evaluation plan. The workbook and the evaluation training workshops were developed to meet the needs of victim service agencies providing services in tribal, public and private non-profit organizations.

Grant Compliance Review and Needs Assessment

The Commission conducted 22 grant compliance review and needs assessment site reviews at federally funded victim assistance projects. The site reviews averaged between six and eight hours. All agencies were found to be in satisfactory compliance with contractual requirements. The agencies receiving these site visits also provided invaluable insights and information to the department on topics ranging from local automation needs to community coordination strategies. The Council of Advocates, a group composed of representative leaders in the victim services community, was convened again for the purpose of exchanging information and soliciting comments from the field. The project also published a newsletter with helpful information for victim service providers. The Michigan Advocate can be found at URL: <http://www.michiganadvocate.org/>.

SIGMA - Automated Grant Management

To better serve its customers and to perform its job more efficiently, the commission has committed to automating its internal and external grant management practices. To this end, the development, testing and installation of the Web based SIGMA (State Integrated Grant Management Application) has been a high priority for a number of years. The SIGMA project provided the state's first Web based grant application and reporting platform. Full implementation of this system is resulting in significant savings and efficiencies for local agencies that receive grant funds and for the department. With the implementation of SIGMA, along with integration of the SIGMA 1.5 financial and accounting system, all major grant program records and activities are being submitted, accessed, reviewed, processed, reported and retained online in FY 2009. In addition to the cost savings afforded the commission, department support processes are realizing additional benefits due to replacement of manual tasks with associated electronic processing.

Enhancing Victim Support Through Cultural Competency

In order to serve an increasing diverse Michigan, victim support services need to be intelligently tailored to the many populations within Michigan. People who provide victim support must learn how cultural and language barriers can prevent effective outreach and how cultural differences can potentially impact service to people of different backgrounds. The Michigan

Crime Victim Services Commission (CVSC) partnered with the Michigan Department of Civil Rights (MDCR) and the Michigan Alliance Against Hate Crimes (MIAAHC) to offer a statewide series of trainings on cultural competence and hate crime. MIAAHC represents a statewide coalition on local, state, and federal law enforcement agencies, civil rights organizations, community-based groups, educators and anti-violence advocates. The trainings, which were free to the public with registration, were designed to assist victim service providers with the unique challenges created by Michigan's increasing ethnic diversity. Almost 2,000 people attended these trainings. A total of 27 training sessions were held around the state.

The second objective of this training grant was to provide Limited English Proficiency (LEP) Resources. Using the BCC training as a platform, trainings raised awareness regarding the need to serve limited English proficient (LEP) individuals. Training participants received handouts which highlighted the U.S. Justice Department's LEP guidance and four-factor analysis. Participants also received instructions on how to access community profiles, language data, and other LEP resources. The non-English languages used in Michigan were identified. The Michigan Alliance Against Hate Crimes (MIAAHC) created a web site at www.miaahc.com. This site was developed to facilitate training registrations and information sharing.

Improving Michigan's Response to Sexual Assault Victims

Sexual Assault Resource Analysis – SARA Project is a CVSC funded project with Michigan State University. The purpose of this project is to gather and analyze sexual assault-related resources. The resources gathered during this project are intended to improve the delivery and quality of services available to victims of sexual assault in Michigan. This activity improves the coordination with other federally funded programs and with federal, state, and local agencies and organizations to promote the systemic change in the way sexual assault victims are treated and served in Michigan as authorized in Section 1404(b)3, codified at 42 U.S.C. 10603(b)3 of the VOCA Victim Assistance Program Guidelines.

EXECUTIVE SUMMARY

The Crime Victim Services Commission is the state agency concerned with all aspects of services for victims of crime. The commission is composed of five members appointed by the Governor. The members include a practicing attorney, a county prosecutor, a law enforcement officer, a member of the medical profession and a community-based victim advocate. The commission was created by P.A. 519 of 1996 and succeeds the Crime Victim Compensation Board created by P.A. 223 of 1976, and the Criminal Assessments Commission created by P.A. 196 of 1989. Executive Order 1997-10 transferred the commission from the Department of Management and Budget to the Department of Community Health. The department administers three victim service programs providing over \$20 million in services for over 250,000 citizens each year. Programs include crime victim's compensation, crime victim's rights, and crime victim's assistance. All program efforts are fully supported by criminal assessments or fines paid by convicted defendants in state and federal courts. The commission provides an advisory function in policy development, determines criminal assessment amounts, and acts as the appeals forum for compensation claims. In addition to its statutory program duties, the commission also supports training and technical assistance for state victim advocates, and is project leader for the statewide, automated crime victim notification project (MCVNN).

Crime Victims Compensation

During FY 08-09, the crime victim's compensation program paid out \$4.1 million in direct financial assistance to crime victims in 1,571 claim awards. In 32 years of operation the program has paid out \$74 million in 30,116 awards of financial compensation. These payments are a last resort for injured crime victims with unpaid medical bills, loss of earnings or support, burial payments and counseling needs. Eligible victims cannot be responsible for their injury, must report the crime promptly, must cooperate with the police investigation and show financial hardship. A maximum of \$15,000 may be reimbursed to each injured victim or victim's family.

Crime Victim Assistance

In accordance with provisions of the Victims of Crime Act of 1984 (VOCA), the crime victim assistance program provides federal pass-through dollars in grants to local public and non-profit agencies that engage in direct services to crime victims in the community. Annual support levels are determined by congressional appropriation of U.S. Treasury receipts of federal criminal fines and forfeitures. Private non-profit organizations, public agencies and Indian tribes are awarded funds through an annual competitive application process. Priority is given to projects providing services to victims of child abuse, sexual assault, domestic violence, and underserved crime victims. Direct services that may be funded include crises counseling, therapy, group treatment, shelter and safe-house, emergency legal and personal advocacy, information and referral, and criminal justice support. To be eligible, an agency must promote public and private coordination, utilize volunteers, have non-federal sources of service funds, assist victims with compensation claims and have a proven record of direct service provision to victims of crime.

Crime Victims Rights and Assessment Revenue

The crime victim's rights program administers assessment revenue collected from convicted defendants by circuit, district and juvenile courts. Funds are disbursed to Michigan's 83 prosecuting attorneys and several juvenile courts to support implementation of P.A. 87 of 1985, the William Van Regenmorter Crime Victim Rights Act, to the department for implementation of P. A. 223 of 1976, the Crime Victim Compensation Act and for costs associated with supporting MCVNN, the automated victim notification system. This restricted funding supports comprehensive mandatory rights of crime victims to participate in and be notified of all pertinent proceedings in the criminal justice process, compensation for crime related losses, and training of advocates to better assist victims. Implementation and support of comprehensive local case management for crime victims is an ongoing priority.

PA 396 amended the Crime Victim Rights Services Act, (PA 196 of 1989) to expand the types of programs permitted to be supported by the Crime Victim Rights Fund to include the following: The operation and enhancement of the sex offender registry under the Sex Offenders Registration Act, the Amber Alert missing child program, Polygraph examinations and expert witness testimony of a forensic scientist. Each of these programs is administered through the Michigan State Police. In addition, funding was also allotted to the Department of Human Services for treatment services for victims of rape and sexual assault. Excess revenue in the Crime Victim Rights Fund directed to each of these programs is due to sunset October 1, 2010.

History of Authorization for Crime Victim Services

CRIME VICTIMS COMPENSATION ACT-PA 223 of 1976 (M.C.L. 18.351)

This act created the Crime Victims Compensation Board and provided for the reimbursement of otherwise unreimbursable expenses to innocent crime victims who suffer personal injury. Michigan became the 17th state to offer this program. The act was amended six times between 1985 and 1996 to expand basic program eligibility and coverage for victims.

VICTIMS OF CRIME ACT OF 1984 [VOCA] (Public Law 98-473, 98 Stat.2170)

This federal statute created the Crime Victims Fund in the U.S. Treasury. Federal criminal fines and forfeitures support the fund. The Office for Victims of Crime in the U.S. Department of Justice disburses the bulk of these funds to state crime victim compensation and victim assistance programs. In general, about one-half of the funds support state victim compensation programs, which receive 60 percent of their previous year payout of state funds to crime victims; and about one-half of the funds support state victim assistance programs, which receive a base amount grant and a proportional share based on state population.

THE CRIME VICTIMS RIGHTS ACT-PA 87 of 1985 (M.C.L. 780.751)

The Crime Victims Rights Act created comprehensive rights of notification and participation in all stages of the criminal justice process for felony crime victims in Michigan. The act was amended in 1988 to include the victims of serious misdemeanors and juvenile offenses. Several amendments improving the implementation and scope of services have since been enacted. The act creates a duty for police agencies, sheriff's departments, prosecuting attorneys, courts, the Department of Corrections and other agencies to include the participation of the crime victim in the official conduct of proceedings.

CONSTITUTIONAL AMENDMENT FOR CRIME VICTIMS RIGHTS

Upon legislative approval of House Joint Resolution P, 84th Legislature, and Proposal B by the electorate on November 8, 1988, Article I, Section 23 was added to the Constitution of the State of Michigan. Effective December 24, 1988, the amendment gave constitutional authority for the statutory rights of crime victims, provided legislative authority to enforce victims' rights, and provided legislative authority to assess convicted defendants to pay for crime victims rights.

THE CRIMINAL ASSESSMENTS ACT-PA 196 of 1989 (M.C.L. 780.901)

This act created the Criminal Assessments Commission and the Crime Victims Rights Fund. It authorized courts to order and collect financial assessments from criminal defendants to support the fund, and provided for disbursements from the fund to support crime victim rights services. The commission was charged with recommending appropriate assessment amounts to support the fund. This act has been amended several times to increase assessment amounts and to increase the number of assessable offenses. Since FY 97-98, this fund has provided 100 percent of state dollars for crime victim services.

PA 519 of 1996 (M.C.L. 18.351)

Created the Crime Victim Services Commission and abolished the Crime Victims Compensation Board. The number of members was increased from three to five, and the commission was provided unprecedented authority to coordinate state services and funding for victims of crime.

PA 520 of 1996 (M.C.L. 780.901)

Abolished the Criminal Assessments Commission and transferred its powers and duties to the Crime Victim Services Commission.

The S.A.F.E. Response Act-PA 391 OF 2008

Amended P. A. 223 of 1976, and allows victims of sexual assault to obtain a sexual assault forensic examination at no charge to themselves.
