Dear Colleagues:

The Family Center for Children and Youth with Special Health Care Needs (Family Center) is excited to announce a new opportunity to extend our family support services to siblings of children with special health care needs who reside in the State of Michigan.

For the first time, Children's Special Health Care Services and the Family Center are offering competitive grant proposals for the fiscal year 2015 - 2016 to support siblings of children with special health care needs using the evidence-based Sibshop model.

Each Region is eligible to potentially receive up to \$1,000 for their project! Please see the attachment for the application and guidelines.

The goals of grant are to provide statewide opportunities for brothers and sisters of children with special health and developmental needs to obtain peer support and education within a recreational context with a certified Sibshop.

The application deadline is July 31, 2015.
