

"Infection Prevention: A Community Effort" Symposium

September 9, 2011

Kellogg Center, East Lansing, MI

Presented by:

The Michigan Department of Community Health (MDCH) Surveillance for Healthcare-Associated and Resistant Pathogens (SHARP) Unit;

The Michigan Antibiotic Resistance Reduction (MARR) Coalition;

The Michigan Health & Hospital Association (MHA) Keystone Center for Patient Safety & Quality; and
MPRO

Objective: This symposium will discuss current educational tools and best practices to increase awareness and prevention of healthcare-associated and antimicrobial-resistant infections.

Audience: This symposium is intended for community outreach and infection prevention and control education staff from hospitals, long-term and ambulatory care centers, local health departments, schools, and pharmacies.
