

Listing of Worksite Vendors in Michigan

This listing was based on a 2007 survey of former worksite vendors in the “*Worksite and Community Health Promotion Program*” that was implemented in Michigan from 1998-2001 and published in April, 2007. Since publication there have been some further revisions which are reflected by the date in the lower right hand corner. This is not an exhaustive list of vendors in Michigan and is not an endorsement of any listed vendor. If corrections or additions would like to be made, please see the information below.

For additions or corrections contact:

Cardiovascular Health, Nutrition and Physical Activity Section
