33%

But....

- 
- Stipend money - in fiscal year 2010 \$30,000 from HHS & approximately \$25,000 from the Kreske Foundation. Neither to be renewed for next year.
 - Agency, municipality, and county requirements to be abatement certified increased training.
 - Confusion over the Renovation, Repair and Painting Rule (RRP) caused many to get certified in abatement that may, or may not have, needed to.

- 
- Neighborhood Stabilization Plan (NSP) and other stimulus money required people to get certified.
 - City of Detroit Lead Ordinance has motivated many people to become Inspector/Risk Assessors and Supervisors.

As a result training numbers will probably go down.
