RE: Request for Monitoring at 1321 Renner Road, Michigan

Dear Mr. Wiley:

The Mince County Health Department, Environmental Health Division has identified the above mentioned home to be a site of possible mercury contamination based on a conversation this office had with the homeowner. We are requesting that the EPA – Region 5 provide the necessary monitoring at this home. Mince County personnel will meet you at the home and provide public health presence during the EPA visit.

Should you need any additional information please do not hesitate to contact this office or the Michigan Department of Community Health.
