

**CERTIFICATE OF NEED REVIEW STANDARDS FOR  
MEGAVOLTAGE RADIATION THERPAY (MRT) SERVICES  
SUMMARY OF PROPOSED CHANGES**

*Highlights of Proposed Changes*

**Section 1 - Applicability**

- Section 1 modified only for consistency with other CON review standards.

**Section 2 - Definitions**

- A definition that is used only in a certain section has been moved to the applicable section to make it easier for the reader to identify the defined terms.

**Section 3 – Modification of Appendices**

- The department updated Appendices A & B, using current data.

**Section 4- Initiation of MRT Services**

- Sections 4 and 10 were combined as these sections related to the initiation of an MRT service, as well as requirements for HMRT unit.
- The department has NOT modified the methodology for initiation.

**Section 5- Replace Existing MRT Service/ Unit(s)**

- The replacement section will cover both the replacement of the unit as well as replacing the existing service to a new geographical site.
- Replacement of a unit(s) will no longer require the applicant to meet a set volume requirement. Upgrades to existing MRT units will not require CON review/approval.

**Section 6- Expand an MRT Service/Unit(s)**

- The department has not modified this section.

**Section 7- Acquire an MRT Service/Unit**

- The department has not modified this section.

**Section 8- Dedicated Research MRT Unit**

- No proposed changes to requirements that must be offered by the applicant to qualify for an MRT unit used exclusively for research. However, the department did limit the number of dedicated research MRT units at any one site (2), that the site must already offer MRT services and be meeting maintenance volume requirements.
- Language allowing for dedicated research MRT units to be used primarily for research purposes with the intent being that at least 70% will be dedicated research and no more than 30% clinical visits.

### **Section 9- Medicaid Participation**

- No changes proposed. Modification to section is to standardize language similar to other standards on Medicaid participation requirement.

### **Section 10- Methodology**

- The department has not modified this section.

### **Section 11- Equivalent Treatment Visits**

- IMRT reduced to 2.0 from 2.5.

### **Section 12 &13- Commitment/Documentation of new Cancer Cases**

- The department has not modified this section.

### **Section 14- Project Delivery Requirements**

- Divided requirements into distinct groups: quality assurance, access to care, monitoring and reporting, and specialized services.

### **Section 15- Planning Areas**

- No changes proposed.

### **Section 16- Comparative Reviews and Planning Policies**

- No changes proposed, except for required update to dates.
