

Michigan Department of Community Health

List of Methamphetamine Laboratory Locations

Updated: 5-5-2008

The Michigan Department of Community Health (MDCH) maintains a list of methamphetamine laboratories discovered in the state of Michigan after July 7, 2006. Authority for the maintenance of the list is provided by Public Act 255 of 2006 (MCL 333.26372).

The list below provides the location, reporting agency, and remediation status of each laboratory discovered after July 7, 2006. Only those locations linked to a property address are shown. Laboratories discovered in vehicles that are not used as a dwelling, spent equipment dump sites, and equipment-only discoveries are not listed in this table. MDCH will update the list monthly. For a list of methamphetamine laboratories discovered since 2004, please refer to the U.S. Drug Enforcement Administration website at <http://www.dea.gov/seizures/index.html>. Please contact MDCH toll free at 1-800-648-6942 if you have questions or concerns about this list.
