  - b. provide specific criteria for this service including initiation and maintenance volumes as well as patient safety and quality criteria.
2. Develop language for a second acquisition, similar to that of other standards.
3. Develop specific measurable quality metrics in the project delivery requirements, similar to that of Open Heart Surgery (OHS) standards.
4. Consider any technical or other changes from the Department, e.g., updates or modifications consistent with other CON review standards and the Public Health Code.

The SAC shall complete its duties and submit its recommendations to the Commission within six months from the first meeting of the SAC. An individual shall serve on no more than 2 SACs in any 2-year period.
