INSTRUCTOR/COORDINATOR GUIDE TO STANDARDIZED CONTINUING EDUCATION CREDITS

Each of the following standardized courses has been pre-approved by MDCH for EMS continuing education credits. Instructor/Coordinators do not need to complete a Notification of Intent to Conduct Continuing Education Program Form (BHPPA-EMS 202) for the courses listed.

If audited for continuing education credits at the time of license renewal, EMS providers must submit to MDCH a copy of the course completion certificate or other attendance documentation which includes course date and instructor signature.

To be included in this guide, a program must be presented frequently in Michigan, be presented consistently every time from a published curriculum and have a state or national organization which sponsors it and provides oversight.

Format for Credit Distribution (effective 5/05)

The new matrix will display new category areas along side of the old topic titles. Credits are listed as either a lecture credit or practical credit. The total of the lecture column and practical credit column should be added together for the course total credits.

EXAMPLE:

<i>Category</i>	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	IV Therapy						1		1
<i>Patient Assessment</i>	Pt. Assessment/Triage		1		1		1		1
<i>Airway/Ventilation</i>	Airway Basic		1		1		1		1
	Airway Advanced						1		1
<i>Medical</i>	Respiratory	1		1		1		1	
<i>Trauma</i>	Shock	1		1		1		1	
	Musculoskeletal	1		1		1		1	
<i>Special Considerations</i>	Pediatrics	1		1		1		1	
<i>Operations</i>	Rescue/Extrication		1		1		1		1
TOTAL CREDITS		4	3	4	3	4	5	4	5

This example shows MFR providers will earn 4 lecture credits and 3 practical credits for attending this course.

Please refer to the Conversion Documents in the Appendix to determine what new category relates to the old topic titles.

COURSE: Advanced Cardiac Life Support (ACLS)

This comprehensive course, sponsored by the American Heart Association, covers all phases of emergency cardiac care. Emphasis is on early recognition of dysrhythmias, electrical therapy, pharmacologic treatment, and stabilization of patients. Two year certification.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	Pharmacology							1	
<i>Airway/Ventilation</i>	Airway Advanced						1		1
<i>Medical</i>	Cardiovascular			1	1	1	1	1	1
TOTAL CREDITS				1	1	1	2	2	2

NOTE:

1. EMS personnel can receive the above credits each time they participate in ACLS, whether certification or recertification.
2. Persons attending an ACLS course where the I/C has applied for additional credits must sign the attendance roster and maintain documentation of approved credits. The ACLS card is good for the pre-approved credits and the credit slip is good for the additional approved credits.

COURSE: ACLS-EP (Experienced Provider)

This specialized American Heart Association course for experienced providers includes stations on cardiovascular emergencies, electrolyte abnormalities, environmental emergencies, and toxicologic emergencies.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Medical</i>	Cardiovascular					1	1	1	1
	Environmental Emerg					1		1	
	Poison/Substance Abuse					1		1	
<i>Trauma</i>	Shock						1		1
TOTAL CREDITS						3	2	3	2

COURSE: Advanced Cardiac Life Support Instructor Course (ACLS)

American Heart Association course to certify ACLS instructors.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	Pharmacology					0		1	
<i>Airway/Ventilation</i>	Airway Basic					1		1	
	Airway Advanced					1		1	
<i>Medical</i>	Cardiovascular							2	
TOTAL CREDITS						2		5	

I/C's will also receive the following credits:

Instructor Coordinator Topics	Credits
Instructional Techniques	3
Measurement & Evaluation	2
Education Administration	2

COURSE: Advanced Disaster Life Support

This two-day course was developed by the National Disaster Life Support Educational Consortium. This course is a comprehensive mass casualty management program allowing participants to demonstrate competency in casualty documentation, essential skills lab, all-hazards training scenarios, and MCI information systems and technology applications. A certificate of successful completion is required to receive credits.

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P

Operations	Disaster Planning	3.5		3.5		3.5		3.5	
Operations	CBRNE – PPE		2		2		2		2
TOTAL CREDITS		5.5	9.5	5.5	9.5	5.5	9.5	5.5	9.5

COURSE: Advanced HazMat Life Support

This two-day course was developed by the Arizona Emergency Medicine Research Center, University of Arizona. It covers toxic inhalations, pesticides, corrosives, hydrocarbons, and miscellaneous toxicants. It includes lectures, case studies, and a mandatory exam. This course also sponsored by the National Fire Academy.

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
Medical	Respiratory	2		2		2		2	
	Environmental	2		2		2		2	
Operations	Disaster Planning	3		6		6		6	
	HazMat	3		6		6		6	
TOTAL CREDITS		10		16		16		16	

COURSE: Advanced Medical Life Support

This two day course sponsored by NAEMT and NAEMSP prepares the provider to manage medical complaints of the adult patient.

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
Patient Assessment	Patient Assessment	2	1	2	1	2	1	2	1
Airway/Ventilation	Airway Basic	1		1		1		1	
Medical	Respiratory	1	1	1	1	1	1	1	1
	Abdominal Illness	1	1	1	1	1	1	1	1
	CNS Illness	2	1	2	1	2	1	2	1
Trauma	Shock	2	1	2	1	2	1	2	1
TOTAL CREDITS		9	5	9	5	9	5	9	5

COURSE: Advanced Pediatric Life Support (APLS)

This course was designed by a joint committee of pediatric experts from the American College of Emergency Physicians and the American Academy of Pediatrics. The goal of this two-day course is to provide exposure to the full spectrum of pediatric emergencies to practitioners who treat children.

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	A & P			1		1		1	
	IV Therapy					1		1	
	Pharmacology							1	
<i>Airway/Ventilation</i>	Airway Advanced					1		1	
<i>Medical</i>	Cardiovascular Basic			1		1			
	Cardiovascular Advanced							1	
	Respiratory			1		1		1	
	CNS Illness			1		1		1	
	Diabetic Emergencies			1		1		1	
<i>Trauma</i>	Shock			1		1		1	
<i>Special Considerations</i>	Pediatrics			2		2		2	
TOTAL CREDITS				8		10		11	

COURSE: Advanced Trauma Life Support (ATLS)

This course is designed for physicians and sponsored by the American College of Surgeons. Prehospital treatment is not emphasized in this course. Currently, the American College of Surgeons only issues ATLS Provider Certification to physicians. Certification is four years for physicians. Non-physician personnel can audit the course. No certification for non-physicians.

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	IV Therapy					1		1	
<i>Patient Assessment</i>	Pt. Assessment					1		1	
<i>Airway/Ventilation</i>	Airway Advanced					1		1	
<i>Medical</i>	Respiratory					1		1	
<i>Trauma</i>	Shock					1		1	
	Spinal Injury/Backboarding					1		1	
	Burns					1		1	
	Abdominal Injury					1		1	
	CNS Injury					1		1	
	Musculoskeletal					1		1	
	Chest Injury					1		1	
TOTAL CREDITS						11		11	

COURSE: Advanced Trauma Care for Nurses (ATCN)

This course for nurses is taught concurrently with the ATLS course for physicians. It is sponsored by the Society of Trauma Nurses, MI Committee on Trauma, and American College of Surgeons. It presents a comprehensive approach to the injured patient, including physiologic concepts, ethics, and principles of trauma system development.

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Patient Assessment</i>	Patient Assessment			1	2	1	2	1	2
<i>Airway/Ventilation</i>	Airway Basic			1	1	1	1	1	1
<i>Trauma</i>	Shock			1	1	1	1	1	1
	CNS Injury			1	1	1	1	1	1
	Spinal Injury/ Backboarding				1		1		1
	Abdominal Injury			1		1		1	
<i>Special Considerations</i>	Musculoskeletal Injury			1		1		1	
	Geriatrics			1		1		1	
	Pediatrics				1		1		1
TOTAL CREDITS				7	7	7	7	7	7

COURSE: Basic Cardiac Life Support Initial Certification and Re-certification

BCLS courses are offered by various agencies but must meet the standards set forth by the American Heart Association. The course must be designed for healthcare professionals. The BCLS Instructor card and BCLS Instructor Trainer card will take the place of a BCLS provider level card. The Department accepts American Heart Association, American Red Cross, American Safety & Health Institute, National Safety Council and Emergency University courses.

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Medical</i>	Cardiac Basic		1		1		1		1
TOTAL CREDITS			1		1		1		1

COURSE: Camp 9-1-1

Counselors teaching the SWM Systems, Inc. 2 day standardized Camp 9-1-1 curriculum will receive the following credits. Participants must submit a signed statement on letterhead from the Camp 9-1-1 coordinator listing camp dates, location and the credits listed.

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Patient Assessment</i>	Pt. Assessment/Triage	2		2		2		2

COURSE: **Coaching the Emergency Vehicle Operator (CEVO II - Ambulance)**
Coaching the Emergency Vehicle Operator (CEVO II - Fire)

This six to eight hour course, organized by the National Safety Council, provides multi-media defensive driving training. Driving tactics covered in the course include vehicle inspection, driving in adverse weather, discussion of department policies, vehicle placement in traffic, the public's reaction to emergency vehicles in traffic, safe return from a call, and rural, field, and off-road driving. This course meets the MDCH Agency Inspection requirement for department approved vehicle operation education and competency assessment

COURSE: **Critical Care Paramedic (CCEMT-P)**

Offered through the University of Maryland - Baltimore County, the Critical Care Paramedic Training Program is designed to prepare nurses and paramedics to function as members of a critical care transport team. Participants will gain an understanding of the special needs of critical patients during transport, become familiar with the purpose and mechanisms of in-hospital procedures and equipment, and develop the skills to maintain the stability of the critical care patient during transport. Certification is three years.

COURSE: Critical Incident Stress Debriefing - Team Training Program

This two day course, sponsored by the International Critical Incident Stress Foundation in Ellicott City, Maryland, assists participants in developing and managing a CISD team. The course prepares mental health professionals and peer support personnel from the emergency services to provide a variety of crisis services for distressed emergency personnel. The services described in the training include pre-incident education, defusing, demobilizations, significant other support and debriefings.

COURSE: Emergency Medical Dispatch

Several training companies have been approved to conduct the National Highway Traffic Safety Administration (NHTSA) Emergency Medical Dispatch (EMD) National Standard Curriculum. These include Association of Public Safety Communications Officials (APCO), Medical Priority Dispatch (Clawson), National Communications Institute (NCI), and PowerPhone. As these 24-hour-minimum programs all follow the NHTSA curriculum, the pre-approved CE credits will be the same for all four programs. (Credits for the Clawson recertification, refresher, and bridge courses will remain the same as listed below.)

<i>Category</i>	<i>Topic</i>	MFR		EMT		Specialist		Paramedic

COURSE: Emergency Vehicle Operation Course (EVOC)

The intent of this course, developed by Ambulance Insurance Services, Inc., is to make students aware of potential tragedy, financial loss, legal consequences and moral responsibilities which can result from the operation of an emergency vehicle. The course varies in hours, and its main focus is on EMS safety and scene operations. Both classroom presentations and skill sessions are part of the curriculum. This course meets the MDCH Agency Inspection requirement for department approved vehicle operation education and competency assessment

Category	Topic	MFR		EMT		Specialist		Paramedic

	EMS Systems Operations	2		2		2		2	
TOTAL CREDITS		9		9		9		9	

COURSE: First Responder Hazardous Materials - Awareness Level

This 4-1/2 hour course is the first level of training in Hazardous Materials. Emphasis is on identification and recognition of HazMat incidents. This course is taught through the Office of Firefighter Training, and an OFFT certificate is required to receive pre-approved credits. Two year certification.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Operations</i>	Disaster Planning	2		2		2		2	
	Hazardous Materials	2		2		2		2	
TOTAL CREDITS		4		4		4		4	

COURSE: First Responder Hazardous Materials - Operations Level

This twenty four hour course is the second level of Hazardous Materials training. This course is also taught through the Office of Firefighter Training, and an OFFT certificate is required to document completion.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	Patient Handling			1		1		1	
<i>Medical</i>	Environmental Emerg	1		1		1		1	
<i>Operations</i>	Disaster Planning	2		2		2		2	
	Hazardous Materials		2		2		2		2
	EMS Systems Operations		1	1	1	1	1	1	1
TOTAL CREDITS		3	3	5	3	5	3	5	3

COURSE: Hazardous Materials - Technician/Specialist Level

These comprehensive Hazardous Materials Courses contains a review of the content in the Awareness and Operations level courses and include extensive instruction in the chemistry and toxicology of hazardous materials. Considering these advanced courses do not contain any additional prehospital curriculum, EMS providers completing either of these courses will be awarded the credits for the Operations level of training.

Hazardous Materials Refresher Courses must be submitted by a licensed IC to the regional coordinator for continuing education credit approval.

COURSE: Health and Safety Officer

This 18-1/2 hour course, sponsored by the Federal Emergency Management Agency (FEMA) and delivered through the Office of Firefighter Training, prepares participants to identify and analyze health and safety aspects that affect emergency responder safety in emergency and non-emergency situations. An OFFT or FEMA certificate is required.

	EMS Operations	2		2		2		2	
TOTAL CREDITS		6	3	6	3	6	3	6	3

COURSE: Instructor Techniques Course (6th edition)

This 40 hour course for instructors is sponsored by APCO Institute, the educational subsidiary of Association of Public Safety Communications Officials International. It covers adult learning, instructional process, simulations, testing, and legal issues. A final exam is sent to APCO for scoring and then a certificate is issued.

IC's will receive the following credits:

<i>Instructor Coordinator Topic</i>	Credits
<i>Instructional Techniques</i>	12
<i>Measurement and Evaluation</i>	5
<i>Educational Administration</i>	5

COURSE: International Trauma Life Support (ITLS) (formerly BTLS)

This course presents the skills necessary for thorough assessment, initial resuscitation, stabilization, and transport of the trauma victim. In addition, the course also stresses those conditions that require urgent surgical attention and thus demand immediate transport. ITLS emphasizes a rapid, organized approach to the trauma victim. Certification is four years.

Category	Topic	MFR		EMT		Specialist		Paramedic

COURSE: Neonatal Resuscitation Course

This course, sponsored by the American Heart Association, is intended to set a standard of care for individuals caring for neonates requiring resuscitation following delivery. Certification is two years.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	Anatomy & Physiology	1		1		1		1	
	Pharmacology							1	
<i>Patient Assessment</i>	Patient Assessment	1		1		1		1	
<i>Airway/Ventilation</i>	Airway/O2 Basic		1		1				
	Airway/O2 Advanced						1		1
<i>Medical</i>	Respiratory	1		1		1		1	
	OB/GYN	1		1	1	1	1	1	1
<i>Special Considerations</i>	Pediatrics		1		1		1		1
TOTAL CREDITS		4	2	4	3	4	3	5	3

COURSE: Pediatric Advanced Life Support (PALS) Initial and Re-certification

This course, sponsored by the American Heart Association, covers all phases of Emergency Cardiac Care for infants and children. Emphasis parallels ACLS objectives. Certification is for two years.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Patient Assessment</i>	Patient Assessment				1		1		1
<i>Airway/Ventilation</i>	Airway/O2 Basic			1		1		1	
<i>Medical</i>	Cardiovascular - Basic			1		1		1	
	Cardiovascular Advanced							1	
<i>Special Considerations</i>	Pediatrics				1		1		1
TOTAL CREDITS				2	2	2	2	3	2

COURSE: PALS Instructor Course

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Airway/Ventilation</i>	Airway/O2 Basic			1		1		1	
<i>Special Considerations</i>	Pediatrics			1		1		1	
TOTAL CREDITS				2		2		2	

I/C's will also receive the following credits:

Instructor Coordinator Topics	Credits
Instructional Techniques	3
Measurement & Evaluation	2
Education Administration	2

COURSE: Pediatric International Trauma Life Support

This one-day Pediatric ITLS Course is sponsored by the Michigan Chapter of International Trauma Life Support.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Patient Assessment</i>	Patient Assessment	1		1		1		1	
	Communications	1		1		1		1	
<i>Airway/Ventilation</i>	Airway Basic	1		1		1		1	
<i>Trauma</i>	Shock	1		1		1		1	
	Spinal Injury/Backboarding	1		1		1		1	
	CNS Injury	1		1		1		1	
<i>Special Considerations</i>	Pediatrics	1		1		1		1	
TOTAL CREDITS		7		7		7		7	

COURSE: Pediatric Education for Pre-Hospital Professionals (PEPP)

The PEPP course, sponsored by the American Academy of Pediatrics, is a comprehensive and highly visual pediatric course for both BLS and ALS providers with case-based lectures, live action videos, hands-on skill stations, and scenarios. The one-day BLS course has been specifically designed for First Responders, and EMT's. The two-day ALS course is geared toward EMT-Specialists and Paramedics.

One day BLS Course:

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Patient Assessment</i>	Patient Assessment	1		1		1		1	
<i>Airway/Ventilation</i>	Airway/O2 Basic		1		1		1		1
<i>Medical</i>	Respiratory	1		1		1		1	
	OB/GYN	1		1		1		1	
<i>Trauma</i>	Bleeding/Soft Tissue	1		1		1		1	
<i>Special Considerations</i>	Pediatrics	1	1	1	1	1	1	1	1
TOTAL CREDITS		5	2	5	2	5	2	5	2

PEPP Two day ALS Course:

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	IV Therapy					1		1	
<i>Patient Assessment</i>	Patient Assessment					1		1	
<i>Airway/Ventilation</i>	Airway/O2 Basic					1		1	
	Airway/O2 Advanced						1		1
<i>Medical</i>	Cardiovascular Basic					1			
	Cardiovascular Advanced							1	
	Respiratory					1		1	
	OB/GYN					1		1	
<i>Trauma</i>	Bleeding/Soft Tissue					1		1	
<i>Special Considerations</i>	Pediatrics					3	1	3	1
TOTAL CREDITS						10	2	10	2

PEPP One day Classroom Renewal Course:

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	IV Therapy					1		1	
<i>Patient Assessment</i>	Patient Assessment	1		1		1		1	
<i>Airway/Ventilation</i>	Airway/O2 Basic		1		1				
	Airway/O2 Advanced						1		1
<i>Medical</i>	Cardiovascular Basic	1		1		1		1	
<i>Special Considerations</i>	Pediatrics		1		1		1		1
TOTAL CREDITS		2	2	2	2	3	2	3	2

COURSE: Pediatric & Neonatal Critical Care Transport (PNCCT)

Offered through the University of Maryland - Baltimore County, the Pediatric & Neonatal Critical Care Transport Training Program is designed to prepare nurses and paramedics to function as members of a pediatric and neonatal critical care transport team. Participants will gain an understanding of the special needs of critical patients during transport, become familiar with the purpose and mechanisms of in-hospital procedures and equipment, and develop the skills to maintain the stability of the critical care patient during transport. Certification is three years.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	Communicable Disease			1		1		1	
	IV Therapy				1		1		1
	Pharmacology			1	1	1	1	1	1
	Medical Legal			2		2		2	
	Flight Physiology			1		1		1	
<i>Patient Assessment</i>	Pt. Assessment/Triage			2		2		2	
<i>Airway/Ventilation</i>	Airway Management			5	2	5	2	5	2
<i>Medical</i>	Cardiovascular			4		4		4	
	Respiratory			2		2		2	
	Miscellaneous Medical			5		5		5	
<i>Trauma</i>	CNS Injury			3		3		3	
	Shock			2		2		2	
	Miscellaneous Trauma			3		3		3	
<i>Special Considerations</i>	Pediatrics			6	2	6	2	6	2
<i>Operations</i>	Transport Decisions			2		2		2	
TOTAL CREDITS				39	6	39	6	39	6

COURSE: Pre-Hospital Trauma Life Support (PHTLS)

This course is sponsored by the National Association of Emergency Medical Technicians in cooperation with the Committee on Trauma of the American College of Surgeons. The course emphasizes treatment, stabilization, and rapid transportation for trauma patients. Certification is four years.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	IV Therapy					1		1	
<i>Patient Assessment</i>	Patient Assessment		2		2		2		2
<i>Airway/Ventilation</i>	Airway Basic		1		1				
	Airway Advanced						1		1
<i>Trauma</i>	Shock	1		2		2		2	
	Spinal Injury/Backboarding		2		2		2		2
	Abdominal Injury	1		1		1		1	
	Bleeding/Soft Tissue	1		1		1		1	
	Burns	1		1		1		1	
	CNS Injury	1		1		1		1	
<i>Special Considerations</i>	Chest Injury	1		1		1		1	
	Musculoskeletal	1		1		1		1	
	Pediatrics		1		1		1		1
<i>Operations</i>	Rescue/Extrication			1		1		1	
TOTAL CREDITS		7	6	9	6	10	6	10	6

COURSE: Pre-Hospital Trauma Life Support (PHTLS) Refresher

This one day (8 hour) refresher course is done every four years.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Patient Assessment</i>	Patient Assessment	1	1	1	1	1	1	1	1

Measurement & Evaluation	2
Education Administration	2

COURSE: Project Brain Save

This course was developed by St. Joseph Mercy Oakland with grant support from Michigan Department of Community Health. The published CE is to be used for presentations. The full version of the program is 4 hours and has been developed for use by initial training programs. The CE version is two hours in length. Either version may be used for continuing education programs. The pre and post test should be used with either program.

Full course:

Category	Topic	MFR		EMT		Specialist		Paramedic

Preparatory	A & P	1		1		1		1	
Patient Assessment	Patient Assessment	1		1		1		1	
Medical	CNS Illness	2		2		2		2	
TOTAL CREDITS		4		4		4		4	

CE Version:

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
Patient Assessment	Patient Assessment	1		1		1		1	
Medical	CNS Illness	1		1		1		1	
TOTAL CREDITS		2		2		2		2	

COURSE: Public Information, Education, and Relations (PIER)

This one-day program was developed by the National Highway Traffic Safety Administration to assist EMS personnel with public and media contact.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
Preparatory	Patient Handling	2		2		2		2	
	Stress Management	1		1		1		1	
Medical	Behavioral Emergencies	2		2		2		2	
Operations	EMS Systems Operations	2		2		2		2	
TOTAL CREDITS		7		7		7		7	

COURSE: Stroke: "Acute Stroke Update for EMS"

This two -hour presentation sponsored by the American Stroke Association, a division of AHA, provides updated information on the causes and current intervention for patients potentially experiencing a stroke.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
Medical	CNS Illness	2		2		2		2	
TOTAL CREDITS		2		2		2		2	

COURSE: Prehospital Management of Traumatic Brain Injury (TBI)

This course is sponsored by the Brain Trauma Foundation, New York. It provides a consistent standardized knowledge base and approach to trauma brain injuries.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
Patient Assessment	Patient Assessment	1		1		1		1	
Trauma	CNS Injury	2		2		2		2	
Special Considerations	Pediatrics	1		1		1		1	
TOTAL CREDITS		4		4		4		4	

COURSE: Trauma Nurse Core Curriculum (TNCC)

This course is sponsored by the Emergency Nurses Association. It provides a consistent standardized knowledge base and approach to trauma care. Certification is four years.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Patient Assessment</i>	Patient Assessment			1	3	1	3	1	3
<i>Airway/Ventilation</i>	Airway Basic				2		1		1
	Airway Advanced						1		1

<i>Trauma</i>	Shock			2		2		2	
	Spinal Injury/Backboarding				2		2		2
	Abdominal Injury			1		1		1	
	Burns			1		1		1	
	Chest Injury			1		1		1	
	CNS Injury			1		1		1	
	Musculoskeletal			1		1		1	
	TOTAL CREDITS				9	7	9	7	9

COURSE: Urban Search and Rescue Medical Specialist Course

This is a 40 hour course for paramedic urban search and rescue teams, sponsored by FEMA. The class may be only be taught by FEMA approved providers, Texas A & M University or Virginia Beach Fire/Rescue. A FEMA approved certificate is required to receive pre-approved credits.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	Injury Prevention							2	
	Stress Management							1	
	IV Therapy							2	2
	Pharmacology								1
<i>Patient Assessment</i>	Patient Assessment							1	3
<i>Airway/Ventilation</i>	Airway Basic								1
	Airway Advanced								2
<i>Trauma</i>	Shock							2	2
	Spinal Injury/Backboarding								1
	Musculoskeletal								1
<i>Operations</i>	Disaster Planning							5	
	Triage							1	1
	Extrication							2	1
	EMS Systems Operations							2	
TOTAL CREDITS							18	15	

COURSE: VFIS Driver Training Course

This course is sponsored by VFIS, to teach the principles and skills of emergency vehicle driving. A VFIS certificate of completion is required to obtain pre-approved credits. This course meets the MDCH Agency Inspection requirement for department approved vehicle operation education and competency assessment.

Category	Topic	MFR		EMT		Specialist		Paramedic	
		L	P	L	P	L	P	L	P
<i>Operations</i>	Emergency Driving	3		3		3		3	
	EMS Systems Operations	2		2		2		2	
TOTAL CREDITS		5		5		5		5	

COURSE: Vehicle Extrication Course

This 12-hour course, sponsored by the Office of Firefighter Training, teaches the basic principles of vehicle extrication. An OFFT certificate is required to receive pre-approved credits.

<i>Category</i>	<i>Topic</i>	<i>MFR</i>		<i>EMT</i>		<i>Specialist</i>		<i>Paramedic</i>	
		L	P	L	P	L	P	L	P
<i>Preparatory</i>	Stress Management	1		1		1		1	
	Patient Handling	2		2		2		2	
<i>Patient Assessment</i>	Patient Assessment		1		1		1		1
	Communications		1		1		1		1
<i>Trauma</i>	Spinal Injury/Backboarding	1		1		1		1	
<i>Operations</i>	Disaster Planning	1		1		1		1	
	Rescue/Extrication	1	2	3	2	3	2	3	2
<i>TOTAL CREDITS</i>		6	4	8	4	8	4	8	4

Weapons of Mass Destruction Courses also see NIMS or CBRNE programs

COURSE: Weapons of Mass Destruction: Radiological/Nuclear Awareness

This course sponsored by Office of Domestic Preparedness, Department of Justice, is offered by Michigan State Police Emergency Management and Homeland Security Training Center.

<i>Category</i>	<i>Topic</i>	<i>MFR</i>		<i>EMT</i>		<i>Specialist</i>		<i>Paramedic</i>	
		L	P	L	P	L	P	L	P
<i>Medical</i>	Environmental	3		3		3		3

MEDICAL FIRST RESPONDERS COMPLETING A BASIC EMT COURSE

Medical First Responders who successfully complete a Basic EMT course and are eligible for the Basic EMT Licensing Exam can be awarded all of the continuing education credits toward MFR license renewal if desired.

MFR's who complete a Basic EMT course and are not eligible for the licensing exam can be awarded continuing education credits toward MFR license renewal by submitting written endorsement of course completion from their Program Sponsor Representative or Program Course Coordinator. The endorsement must include the Program Sponsor name and date of course completion.

BASIC EMTs COMPLETING A PARAMEDIC COURSE

Basic EMTs who successfully complete a Paramedic course and are eligible for the Paramedic Licensing Exam can be awarded all of the continuing education lecture and practical credits toward Basic EMT license renewal if desired.

Basic EMT's who complete a paramedic course and are not eligible for the licensing exam can be awarded all continuing education lecture and practical credits toward EMT license renewal by submitting written endorsement of Paramedic course completion from their Program Sponsor Representative or Program Course Coordinator. The endorsement must include the Program Sponsor name and date of course completion.

BASIC EMTs COMPLETING A SPECIALIST COURSE

Basic EMT's who successfully complete a Specialist course and are eligible for the Specialist Licensing Exam can be awarded the following credits toward Basic EMT license renewal if desired.

Basic EMT's who complete a Specialist course and are not eligible for the licensing exam can be awarded continuing education credits toward EMT license renewal by submitting written endorsement of Specialist course completion from their Program Sponsor Representative or Program Course Coordinator. The endorsement must include the Program Sponsor name and date of course completion.

<i>Category</i>	<i>Topic</i>	<i>EMT</i>	<i>Lecture</i>	<i>Practical</i>
