# SECTION 404 (2) (a) (i)
# DEMOGRAPHIC SUMMARY DATA
# FY 2006

## Statewide Summary & CMHSP Specific

Overview

The data that are presented in this section were provided by CMHSPs and PIHPs as required by the FY 2006 MDCH/CMHSP and MDCH/PIHP contracts. Demographic data were collected from October 1, 2005 to September 30, 2006, and submitted to the MDCH Data Warehouse by March 20, 2005 for inclusion in this report. Nine demographic indicators are presented statewide for five eligibility groups --individuals with mental illness (MI), individuals with a developmental disability (DD), those individuals who are dual diagnosis (MI & DD), individuals who received services only for substance abuse, and persons with an unknown disability. (Very young children, persons newly admitted to service, or individuals who appeared for services only once may not have been diagnosed, therefore, it is unknown whether they met the criteria for "mental illness" or "developmental disability".) Selected demographic indicators are then presented separately by CMHSP for the five eligibility groups.

The demographic indicators presented in this section Include:

- Gender
- Age
- Race/Ethnicity
- Correction Status
- Residence
- Total Annual Household Income
- Program Eligibility
- Employment
- Education

Definitions of these demographic indicators are presented in Section 404(3).
