

Stipend & Certification

Certification Assistant*

Stipend Program.....

The stipend program will NOT be funded for the 2011 fiscal year

Why you ask?

- We are moving these funds to help pay for the new EBL investigator position.
- With certification numbers increasing it was difficult to justify the need for stipends.
- According to surveys sent to participants the training and certification did not significantly improve their ability to acquire jobs.

Certification

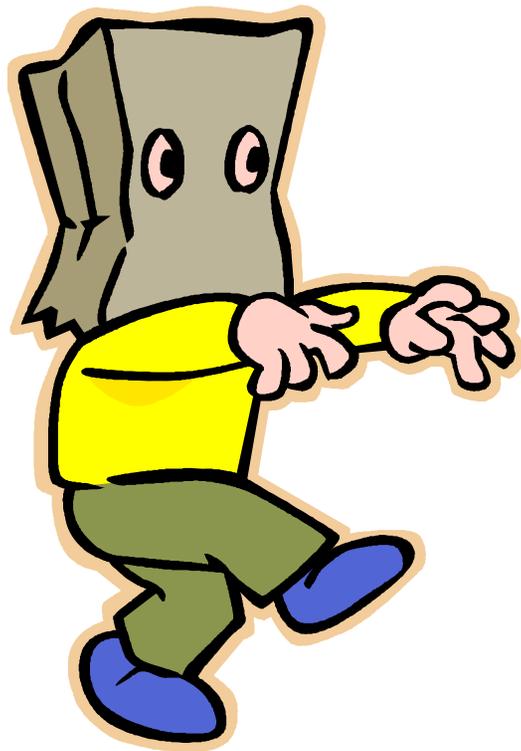

COMPLETE applications

ALL required information (SSN)

**Send your applications in on time -
(last minute applications)**
