Dear Provider:

MDCH is reviewing your CHAMPS provider taxonomy codes and verifying these taxonomy codes in CHAMPS to your taxonomy reported to the National Plan and Provider Enumeration System (NPPES). MDCH will be updating CHAMPS to reflect what you reported to NPPES. If you have concerns or questions please check your CHAMPS file on-line to validate the information. If you would like to review the taxonomy reported when you applied for your NPI go to NPPES at, <https://nppes.cms.hhs.gov/NPPES/NPIRegistryHome.do>. This review is to bring CHAMPS in line with what was reported to the federal government. If you believe the taxonomy codes in the system are not what they should be, you will have to change both the NPPES file and the CHAMPS file to the correct taxonomy codes.

Thank you,

Karen K. Smith,
Provider Relations Manager
