← Approximately 1 out of 10 persons are in need.

Of the 826,000 'In Need', it is estimated that only 262,000 made an effort to get treatment at some time in the past year. Many of these persons were able to receive treatment in programs not funded by ODCP.

Major reasons reported for not making an effort to get treatment are: 1) not ready to stop using, 2) no health insurance and could not afford cost, 3) might have a negative impact on job, and 4) did not know where to go for treatment.

Approximately 1 out of 11 persons with a substance use disorder received treatment services from state-funded programs.

¹ Population Estimate only includes persons twelve years of age and older. Source: Census estimates for 2007.

² Population In Need Estimate is a rounded estimate of persons with dependence on or abuse of alcohol or any illicit drug in the past year.

Source: SAMHSA, Office of Applied Studies, National Household Survey on Drug Abuse and Health, 2004-2006, Table C8 from the 2007 SubState Report.

³ Unduplicated Clients are individuals who received any treatment service at any time during the fiscal year, regardless of when admitted.

It includes all clients who were reported as active cases on the first day of the fiscal year and new cases during the fiscal year. Source: ODCP Treatment Demographic Statistics for FY08.

⁴ Number of Clients Served by Salvation Army are included in the Statewide Totals, Population and In Need estimates for those served by Salvation Army are included in other agencies' estimates.
